Linda, at
last I'm get-
ting a chance
to see you
and giggle. I
loved carrying
you in the
halls and
remember
the Chinese

that
really was
fun. It was
exciting too.
Didn't love
just being
chased. I really
forgot it.
Well, I'll
have to
be more
along
soon.
Love,
Joe

Linda,
I wouldn't miss
anything your yearbook
for anything. In the entire
world, I feel I've gotten to
know pretty well and I'm
glad for it. You're ~~just~~
so sweet. So you take care
of yourself and have a wonderful
summer and the best of
luck next year.

lots of love

Linda,
you crack me up. I enjoyed
having you in P.E. I hope
I see you sometime this
summer. Have a good one!
P.S. You're real cute.

Linda,

This looks ^{like} a really "stud" page to sign your yearbook on.

Linda, I want to tell you this and what I'm going to say is true so if you don't believe this...that's your tough luck!

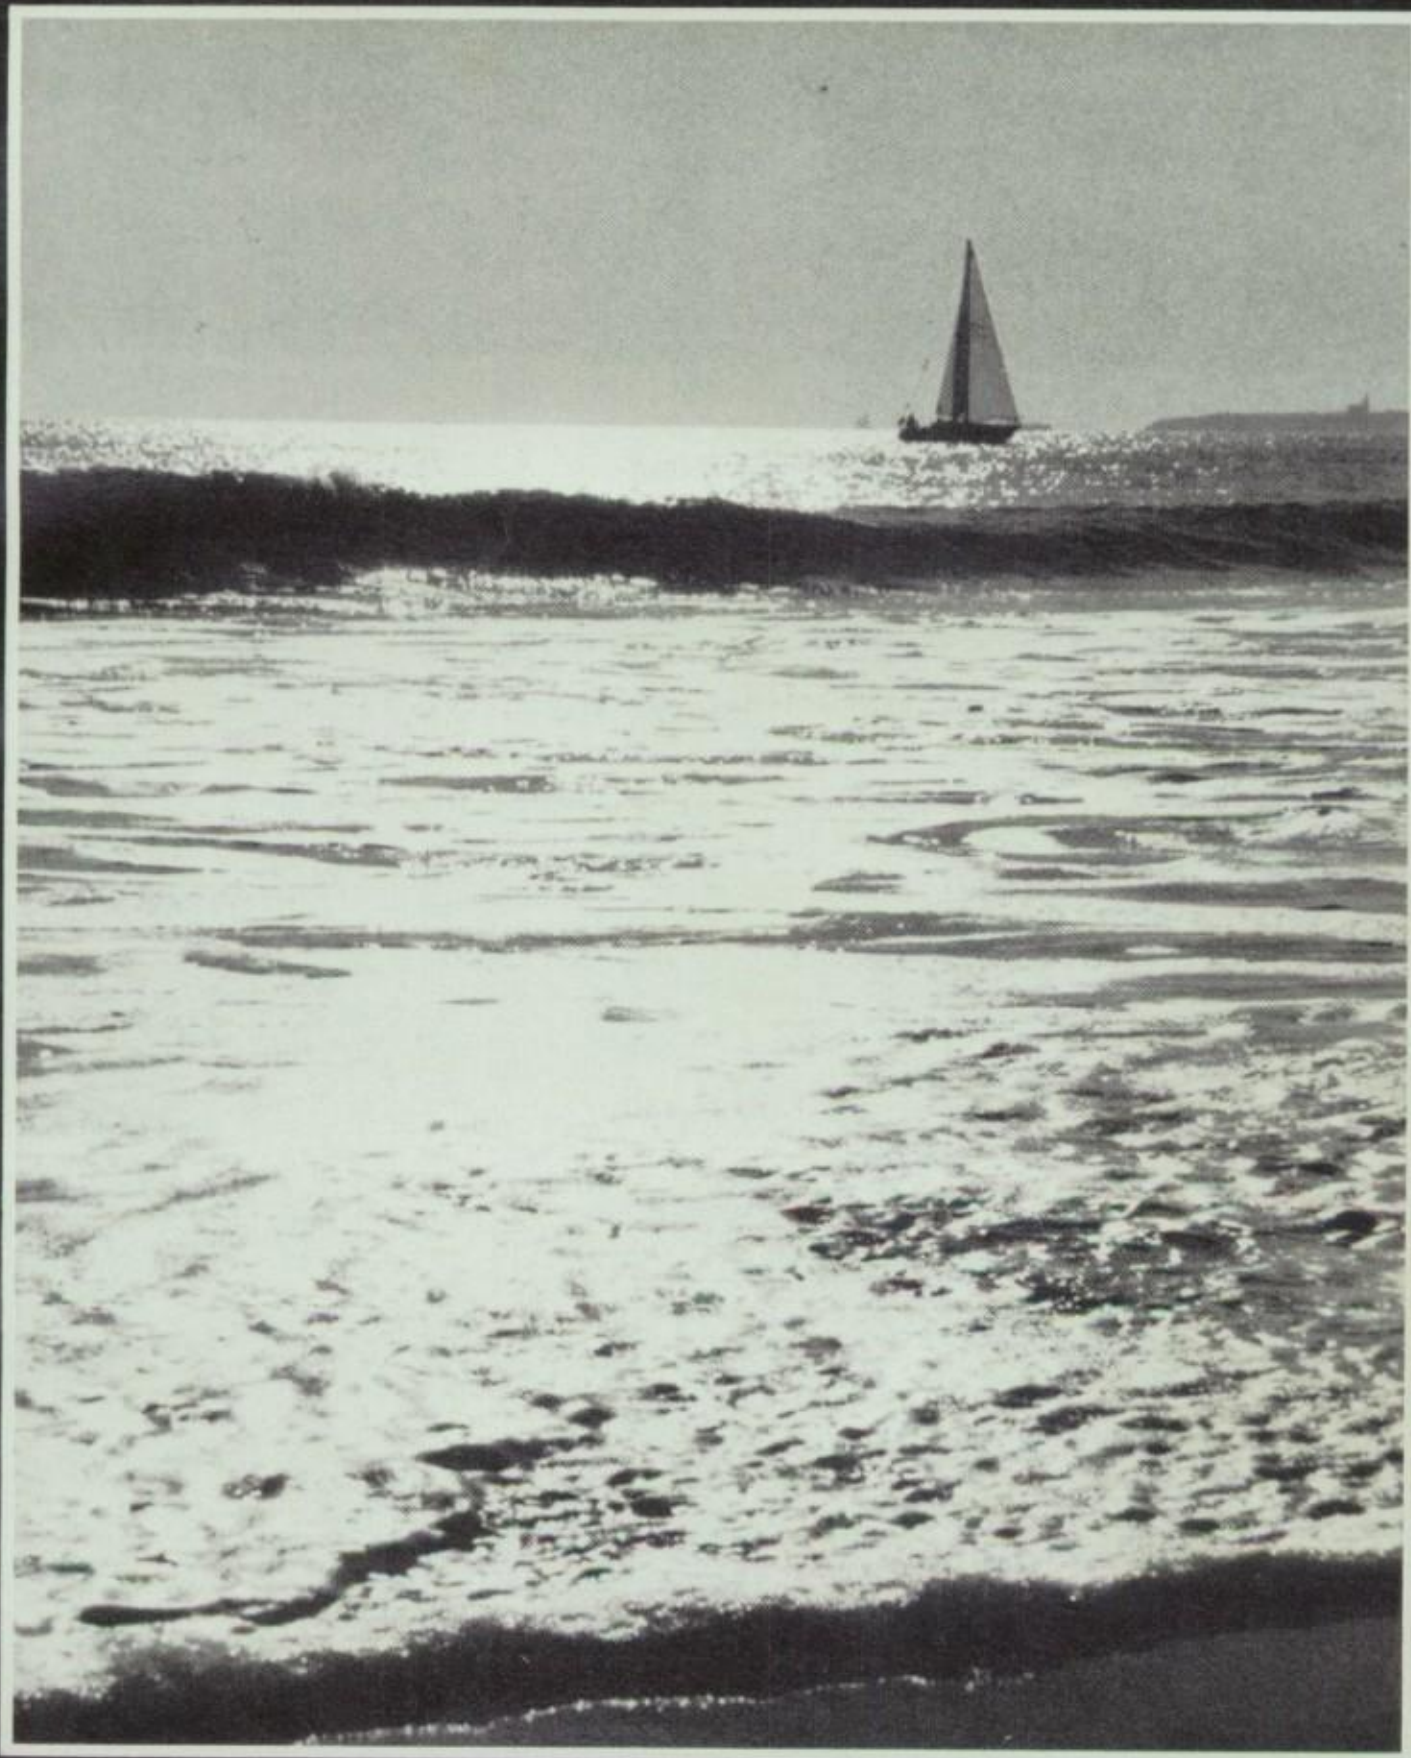

You are a beautiful person Linda Brown, and that ain't no five!!!

You have a way of making me laugh when I'm down and supporting me when I really need it. You have kept ^{up} my head a little smaller and ~~my~~ stomach a little firmer.

I think we have a good friendship and if we keep beating on each other we can stay best pal!

Linda, don't doubt yourself or put yourself down. Believe me → all those times I told you that you were cute and nice I meant them, & even if you thought I was sarcastic I wasn't. I really do love you. And I am always your friend, please remember that.

Well, just think, next year we'll be study ~~promises~~, but before that we have three months to let our minds deteriorate. I'll be sure to see you this summer, especially July ^{21st}.
Love always,
Marc

If you can wait and not be tired by waiting,
Or being lied about, don't deal in lies,

Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise:

Marguerite Buratti Dedication

It was eleven years ago that a certain creative and enthusiastic young woman meandered her way out West to settle in the sunny clime of Felton, California.

Young Marguerite Corp had grown up in Rhode Island and spent most of her life back East with her parents and sister in Providence and New Port.

Then one day the fiery, mischievous Marguerite was wed to one Woodrow Buratti. Marguerite and Woody, forming a wonderful couple of mutual love and altruistic benevolence, adventured to California and settled; and, after twenty years they sojourned to The Valley, where they have resided for the last eleven years.

Today Marguerite is still hap-

pily married to Woody, and recently she was made a proud grandmother by her son Bruce. But to all of us at school, Marguerite is also someone very special; she's a teacher, a friend, a confident, a comrade. She is a parent, a buddy, a smile, a miracle. And while we will all concede to eventual frustration when we try to articulate the feelings we hold for someone whom we love very much, we find no need to seek consolation for our lack of verbalization of Marguerite's virtues of love and loyalty; we know her deep affection far surpasses our shallow faculty with words.

Marguerite, thanks for the memories.

If you can dream—and not
make dreams your master;
If you can think—and not
make thoughts your aim;

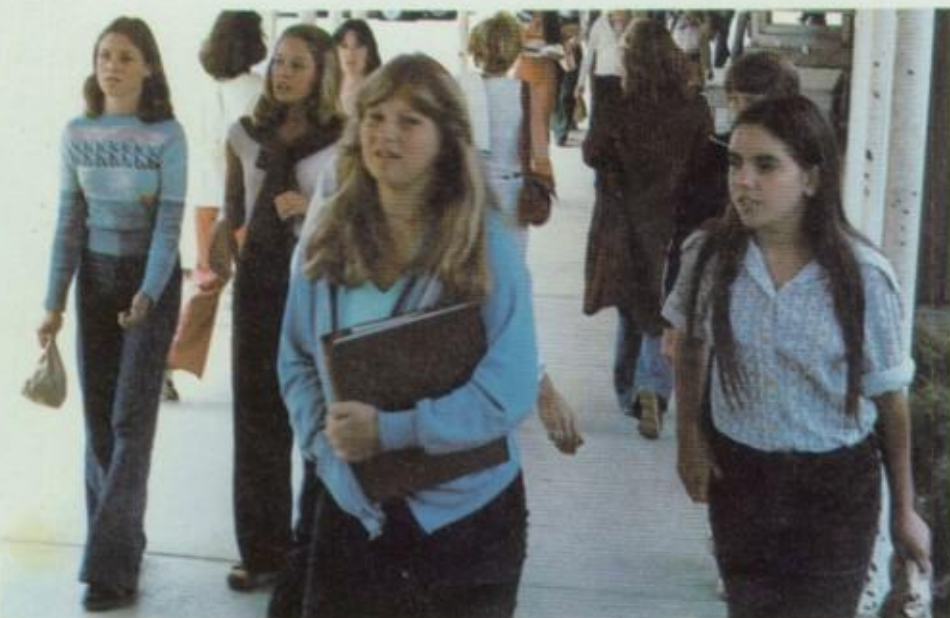

If you can meet with
Triumph and Disaster
And treat those two
imposters just
the same;

If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,

Or watch the things you
gave your life to, broken,
And stoop and build them
up with worn-out tools:

Thierry, Larry, Laurie, Rendall, Suzanne And Jenny

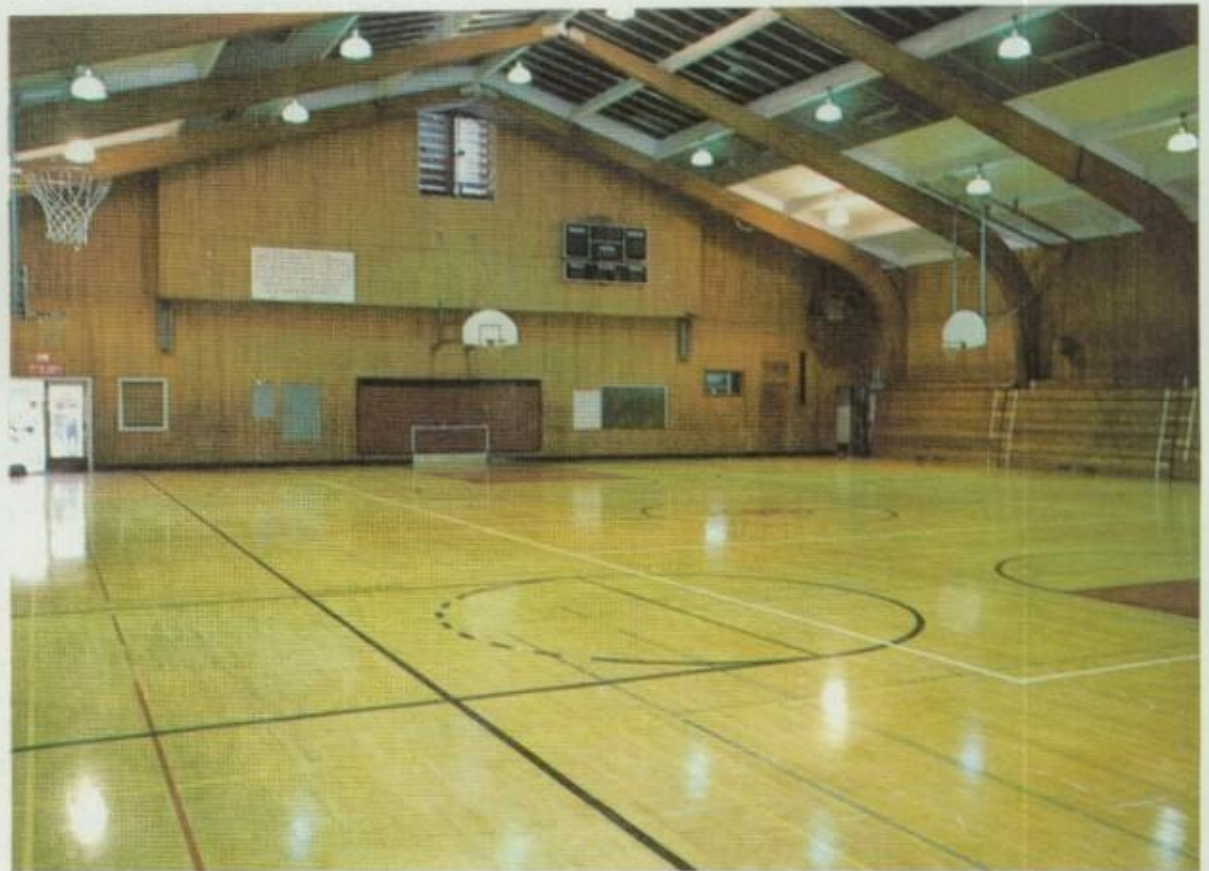

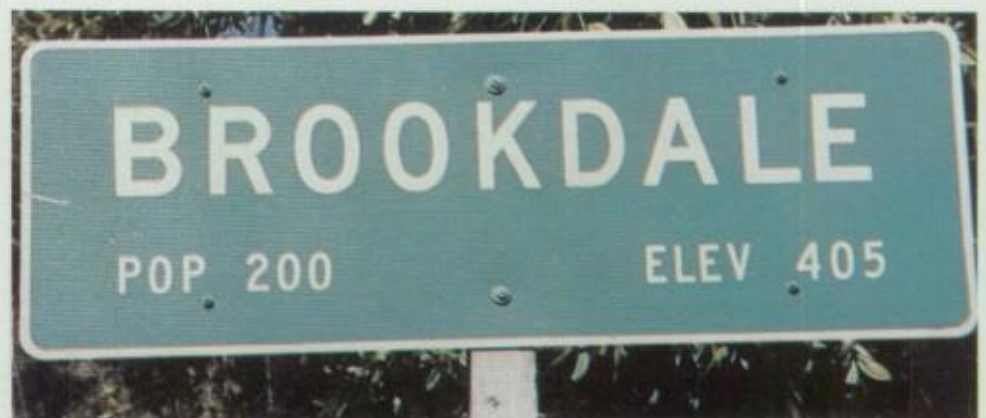

Dawn, Pat, Lani And Tammie

If you can make one heap
of all your winnings
And risk it on one turn
of pitch-and-toss,

And lose, and start again
at your beginnings
And never breath a word
about your loss;

If you can force your
heart and nerve and
sinew
To serve your turn long
after they are gone,

And so hold on when
there is nothing in you
Except the Will which
says to them: "Hold on!"

Nathalie

Dear Friends,

I'm from Switzerland, Geneva. At my home it's not snowing every time like every body thing. Just a few times a year.

The ski is my favorite sport, but I also like to swim, sailing, and other things.

Before I came here, I never saw or football or baseball game. For me it is very strange. The cheerleaders are very funny too.

The school is pretty different. We don't have any choice for classes. In Switzerland, I want to go to the university (It's free), to study psychology. Our party are almost the same of yours. We listen at the same music (not the yodel). We dance in couple only for slow dancing. For fast music, everyone go how he want to go.

At my age a lot of people go steady, but usually not for a very long time. Here I thing you are more serious.

I live to a very nice family, the Van Loheren in Felten.

Sometimes I have home sick, but I know when, I'm going to be back

in Switzerland I'm going to be homesick from here.

I'm very happy to be in California, the dream of all the Swiss people is to come in California, the sun, the sea, the surf. Thank you for the experience, I'm living. It is very interesting knowing another kind of life.

I hope you all will get a chance to come and visit me in Switzerland someday.

Love

Nathalie

Katarina

Hi!

I am Katarina from Sweden! I am so happy I have had the opportunity to live in California for one year and go to S.L.V.H. It has been a lot of fun and a great experience. I have been staying in Ben Leonard with Bob and Judi Grewinger. They are really neat people and have been so kind to me.

America is very different from my country. Traditions and lifestyles aren't at all the same. I had to change all my habits when I came here.

Women are more liberated in Sweden than here. On a date each person always pays for themselves, and it's quite accepted that girls ask boys to dance. The age of marriage also seems to be lower here.

Sweden is neutral, but to guarantee our independence we possess a total defense. All men at the age of 18 have military training. The taxes are very high, but in return we have a lot of welfare. Medical and dental care for example, are free for all.

You start school at 7 and graduate at 16. When you are 18 you can get a drivers license.

The food is different too. I will probably miss all the hamburgers, potato chips and milkshakes when I'm back home!

Young people in Sweden are almost like here. I have a lot of friends and a cute boyfriend. We have parties, go out camping and have lots of fun. But I haven't been homesick at all. There's no reason to be when everything is so great!

At home I'm studying science which is very interesting, but I think my favourite subject is art. The picture I drew here, is of the Midsummer Festival held in Sweden every year the 24th of June. Everyone dresses in the traditional outfits, and dances around the maypole till sunrise.

I'd like to thank you all for making my year here so nice. I will never forget S.L.V.H. and the cougars! California is fantastic, and I have already promised myself that one day I will be back.

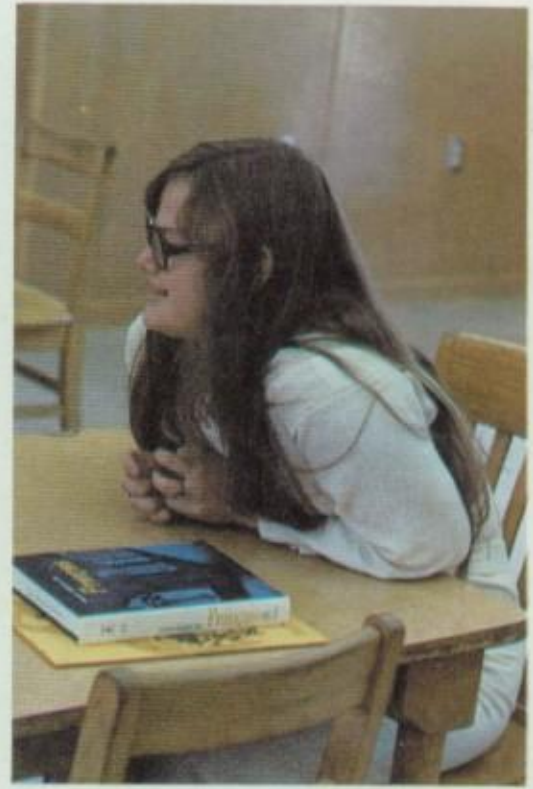

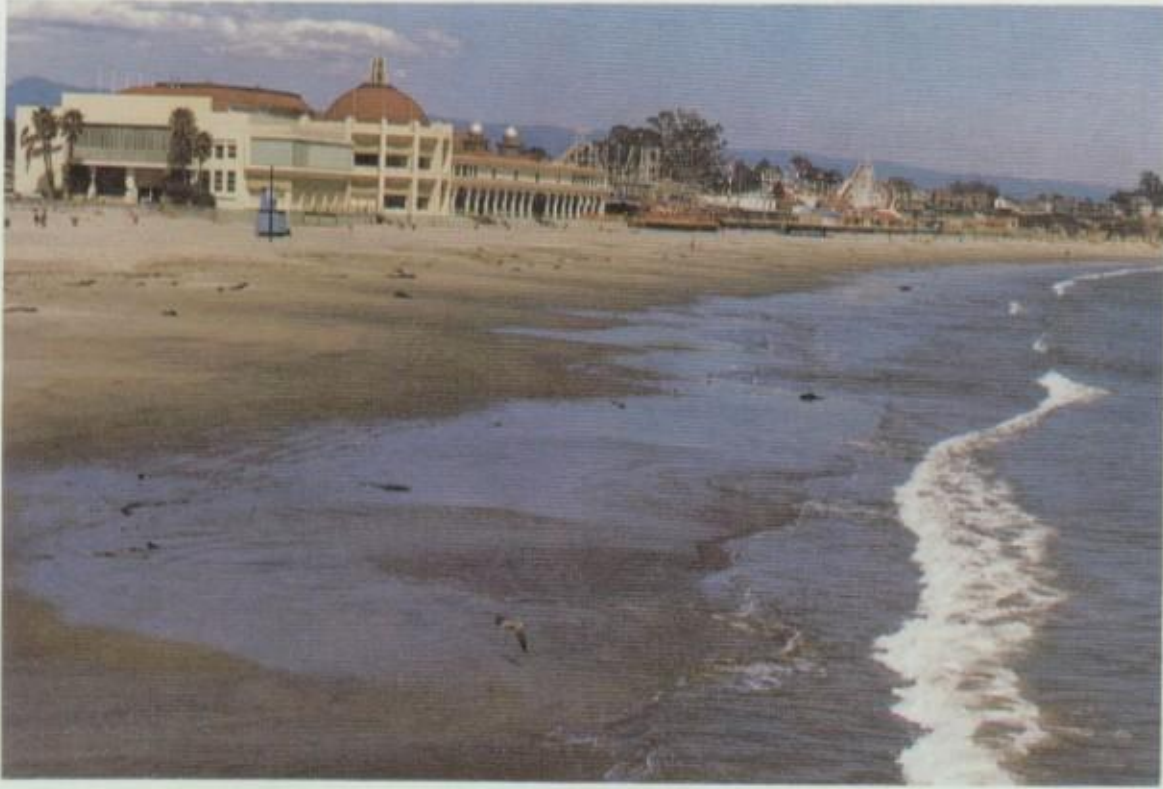

Lots of love, Katarina

If you can talk with crowds and keep your virtue,
Or walk with Kings—nor lose the common touch,

If neither foes nor loving friends can hurt you,
If all men count on you, but none too much;

If you can fill the unforgiving minute
With sixty seconds' worth of distance run,

Yours is the Earth and
everything that's in it,
And—which is more—
you'll be a Man, my son!"

Counseling Staff

What is a counselor? Besides being an instrument used for changing classes, protesting grades and as a complaint department, a counselor is also a sounding board for problems of students. The counseling department has long been thought of as a department whose sole function is to arrange and change classes. The most important function of the department has long been ignored; that of helping, and counseling the students.

Counselors Ms. Maxine White, Mr. Richard Lien, and Mr. Jerry Sessions worked to change that stereotype by encouraging the individuality of students. Counselors stressed that the development of the individual is the most important duty of a high school counselor. The accomplishing of this is the ending of a very important growing phase—that of progressing from childhood into adulthood.

The counseling services that are available to students cover a broad range. The counselor serves as a non-judging onlooker who functions as a listening device and suggestion machine. Counselors are there to help students with academic-related problems, but they can also help students with their personal problems as well. Each

counselor is trained in psychology and is able to deal with the everyday problems encountered outside of school.

The counseling department hoped to make the students aware of these "other services" they offer. As each student progresses from Freshman to Senior, a trying and often difficult time, once in awhile they need an unbiased onlooker. That person is their counselor.

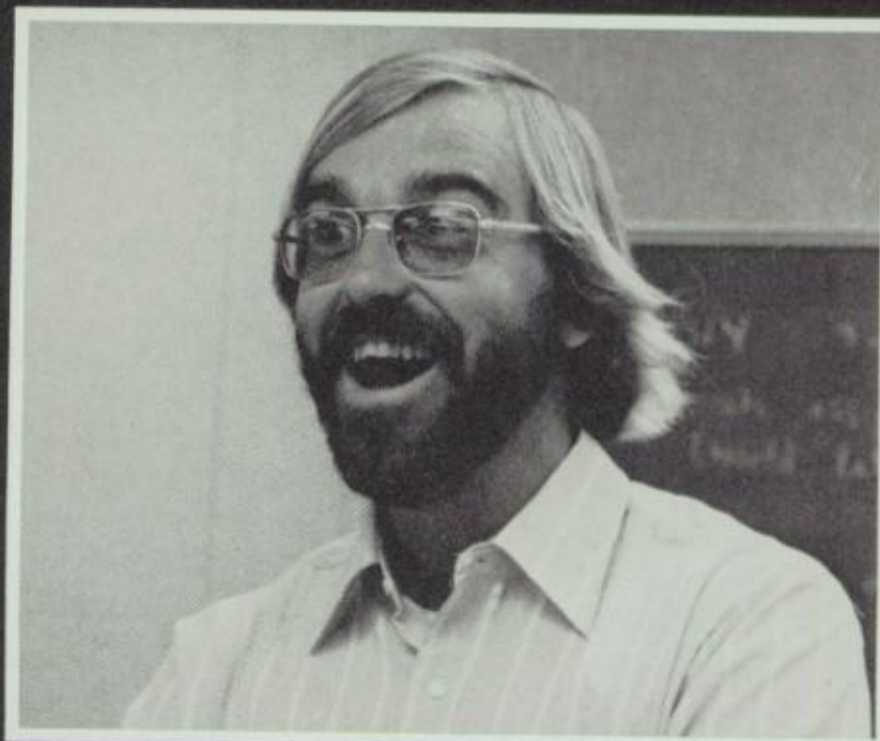

Another type of counseling that is offered to students is Work Experience Counseling. This program is a course available to all students sixteen or older who hold part time jobs. The daily "class room" is the student's job. Students who are eligible for the program, which offers up to 10 credits, are those who work at least ten hours a week. Students involved in the program must have at least two on-campus classes. Grades are determined by employer evaluation, and assignments turned in for the class. Work Experience offers students a chance to earn credits for working and supporting themselves.

Juniors 79

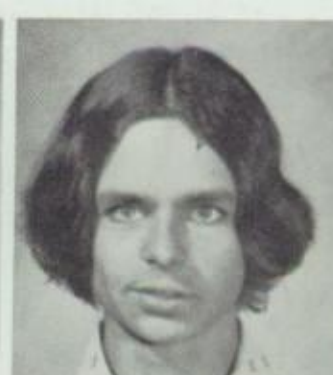

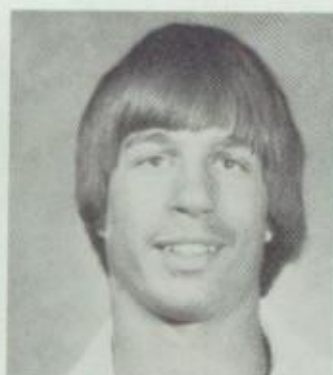

This past year the Junior Class sponsored three dances; the Winter Formal (which was sponsored by the Cougar Club), the New Years Dance, and the Silver Anniversary Prom (which was held at the Aptos Seascaple).

Money raising events included selling Current Stationery and San Lorenzo Valley Key rings, as well as Valograms.

But most important, the class of '79 proved their spirit by winning the third Homecoming skit three years in a row.

Junior class officers are: Tove Beatty, Vice-President; Danielle Dobbel, President; Beckie Miller, Secretary; Gayle Gardner, Treasurer.

Arts & Crafts

A much welcomed addition to our expanding Art department was introduced by ceramics teacher Mr. Jack Harray. It was called "Art Metals" and covered such areas as "sand casting, sheet metal sculpture, etching, welding, and art metal forming", said Mr. Harray. This class provided not only a challenge, but a truly creative outlet to the students.

Due to its popularity, an extra period of silk-screening was added to the curriculum. This class enabled students to actually create their own design and produce prints on things like cards, t-shirts, or stationery.

Mr. Jensen commented on "the amount of talented people that crawled out of the woodwork" and into his art class this past year, and he stated that "advanced art was the fullest it has been in years".

Business Department

A new class was added to the Business department curriculum; the class was entitled Distributive Education and was composed of those students responsible for planning and organizing the Student Store, located in the new Student Center. The store was built from scratch and many hours of tedious preparation and labor went into bringing it all about. The entire operation was headed by Mr. Dick Mills and without his invaluable advice and assistance the store could not have been possible.

Laura Strodder peeks out the window of the Student Store (1). Gwen Stallings explains how to operate the Student Store cash registers to Sheila Winner (2). Thierry Rackley and Robin Hiers of the Distributive Ed. class sell M & M's to innocent bystanders, as a money-making project for the store (3). Emphasis On Basics

1

Many changes were made in the English Department's curriculum and standards this year. An effort to establish uniform grading standards in all departments was headed by department chairperson Ms. Ardie DeVries. The stress had been on strengthening writing skills in all areas.

Two new classes were added to the English program; English III and Survival English. English III is a class for Juniors and Seniors, and stresses the most important English skills. Survival Eng-

lish taught students how to deal with the everyday aspects of English. The class also stressed communication skills.

An emphasis was placed on the reading of classic novels, something to which many of the students had not been introduced.

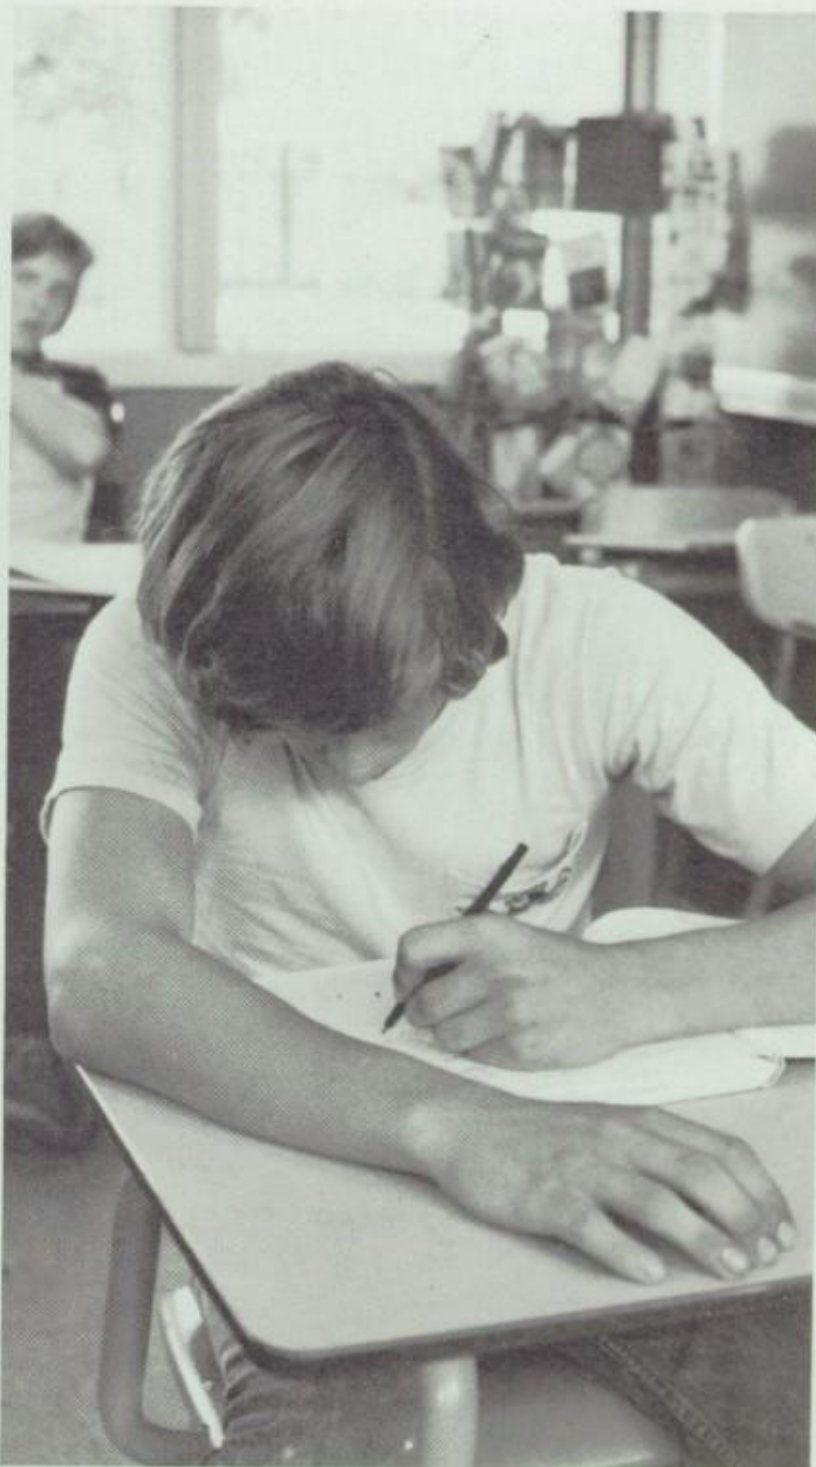

Though it is apparent that many changes were made, they were all a result of a departmental change in policy. Gone are the days of the "Easy A". The emphasis now lies on preparing students for a life "out there".

Mrs. Nail Joins Staff

Our Foreign Language Department has acquired SLV's newest staff member, Mrs. Nail. She is a French teacher who has lived in our area for 9 years. Prior to this she taught English in France. Mrs. Nail was hired to replace Mr. Desobeau, who had taken a year's leave of absence. It is not known if Mr. Desobeau will return, or whether Mrs. Nail will continue if he chooses to extend his leave. In any event, we sincerely hope Mrs. Nail has enjoyed her stay at SLV. We've certainly enjoyed having her.

The other half of our language staff, Mrs. Stromwasser, has continued teaching the Spanish classes in her traditionally poised manner. Much of her success is due to her Teacher's Aid, Billy Hooper.

¹ Shop Students Build Towards Their Future

Aside from the usual Wood I and Wood II class activities, our shop students have been busy building a Student Shop, a Student Center and a house.

The Student Shop and Student Center, which adjoin the gym, were sponsored by our Student Council. These buildings will be used to raise money for the Student Council and as a place for tired students to kick back.

The house, which is situated on Park Drive in Ben Lomond, was built on the property of Mrs. Laughlin. The two bedroom cabin features a large deck and an open-beamed ceiling in the living room. When the house is sold, the district will pay Mrs. Laughlin for her land. The profits will be

used to get another project of this type going.

A total of 24 students worked on this house under the supervision of Mr. Mark Crivelli, their teacher, and Mr. Frank Wyllie, their foreman. Mr. Wyllie is a local contractor and certificated vocational instructor.

Mr. Wyllie's standards of both conduct and workmanship are those of 30 years ago. Total emphasis was placed on quality. Every facet of the building was carefully planned and executed.

It is estimated that the house will sell for 60 thousand dollars, which is not bad considering that it is, as Mr. Wyllie puts it, "The best built house in the Valley."

It can only be hoped that future projects of this nature will be as successful.

Home Ec

Home Economics was very successful as many students participated in the program. Needlecraft and sewing were classes of extreme interest and many projects of excellent handiwork were the outcome. Foods and Nutrition was subject to the participation of both male and female enthusiasts. The superiority in culinary talents was often a subject of controversy between the sexes. Although new equipment would have been more than welcomed, the Home Economics classes managed to get by with what they had. Hopefully they will be receiving better facilities and equipment by 1979.

Library

The library has received many new additions such as the storage room for audio-visual equipment. The new Xerox machine created more work for head librarian, Mr. Ralph Nix and his Library Science students, but also cut down in the use of time-consuming ditto masters. The increase in reference materials required eight more feet of shelving and the addition of four study carrels which improved on individual student studying. If passed the tax override will allot a major increase in the library which will result in a more complete and efficient system.

Math

Algebra I classes finally received new books after thirteen years! Hand calculator was a successful class last year and is continuing, while geometry classes number four, instead of three.

The class of '81 may be interested to know that the Math Department worked on the State Mandated test which would determine graduation status. If a student fails this examination, then by State Law, he cannot be graduated.

Another wonderful bit of news for all classes is that Mr. Charles Dixon was permanently hired to the SLVHS staff so all can look forward to having him in years to come.

SILV BAND

The 1977-78 choir, led by Dr. Bob Ruppel, combined their efforts to make a grand Christmas concert at the Brookdale Lodge, and received the largest turnout ever recorded for a San Lorenzo Valley choir performance.

The year's music included songs from the Redwood Repertory musical "Fiddler on the Roof". Many of the main singers from the play were learning the music through choir. The rest of the choir was used as background music during the play.

The choirs' major fundraising activity during the year was selling giant candy canes during the Christmas season.

Altogether the year proved to be extremely productive for the San Lorenzo Valley High School Choir.

MARCHES TO GLORY...

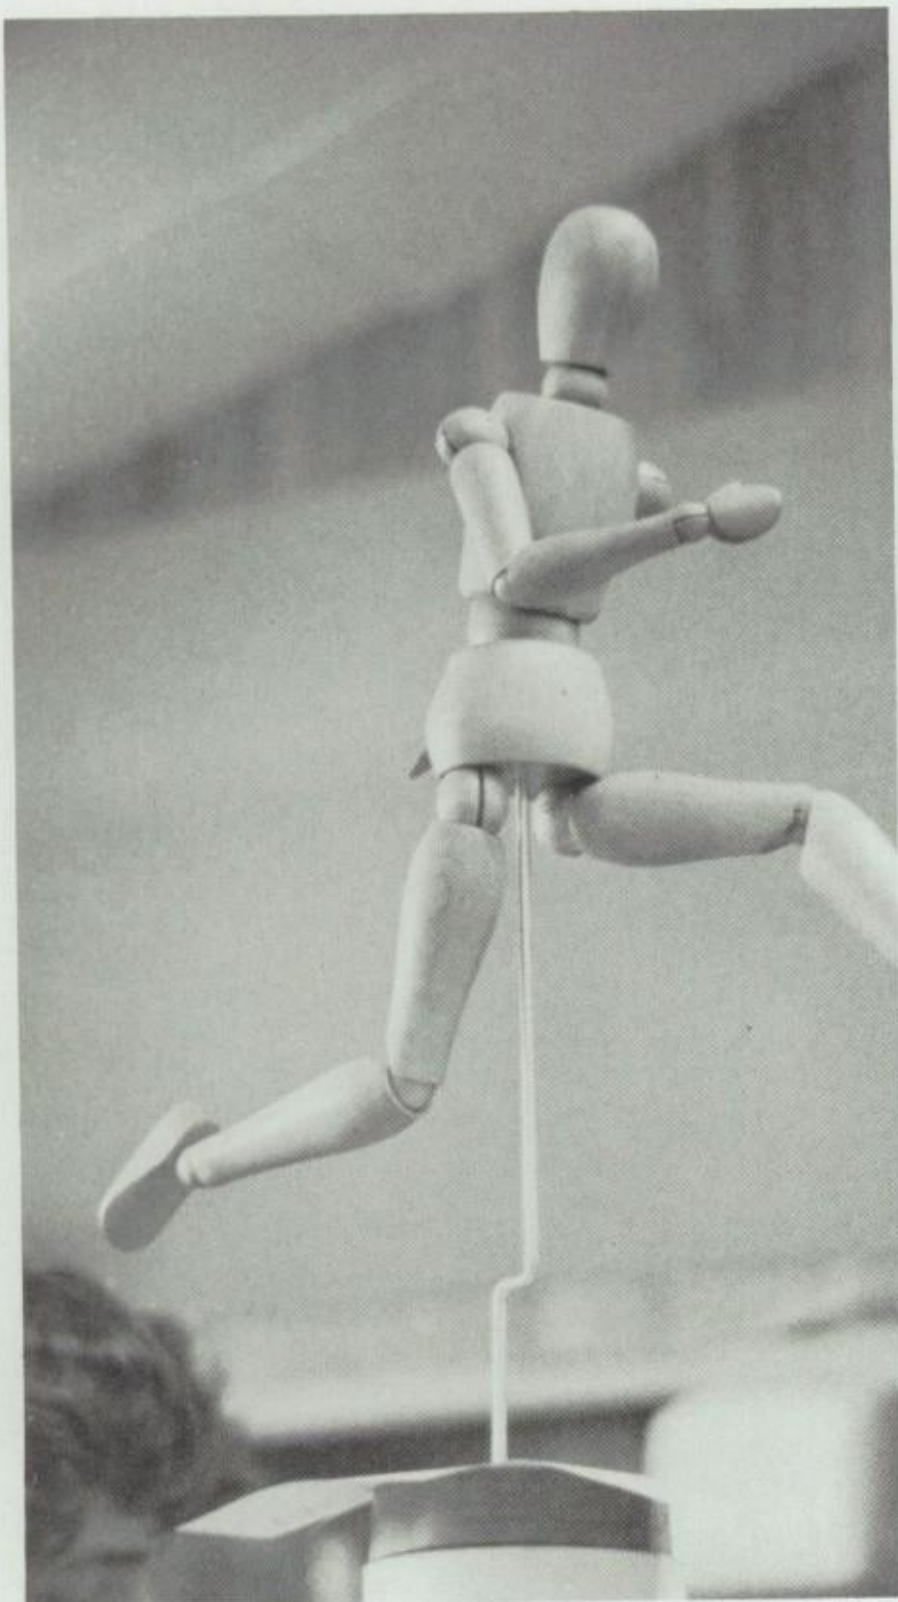

Under the dynamic leadership of director Jon Christian, band council President Karen Wilder, drum major Jan Handley, and head banner girl Patty Kiehl, the S.L.V.H.S. marching band went on to win several awards.

With the enthusiasm that characterized this past year, the banner girls performed a 'Broadway' dance routine during the half-time at the Homecoming football game.

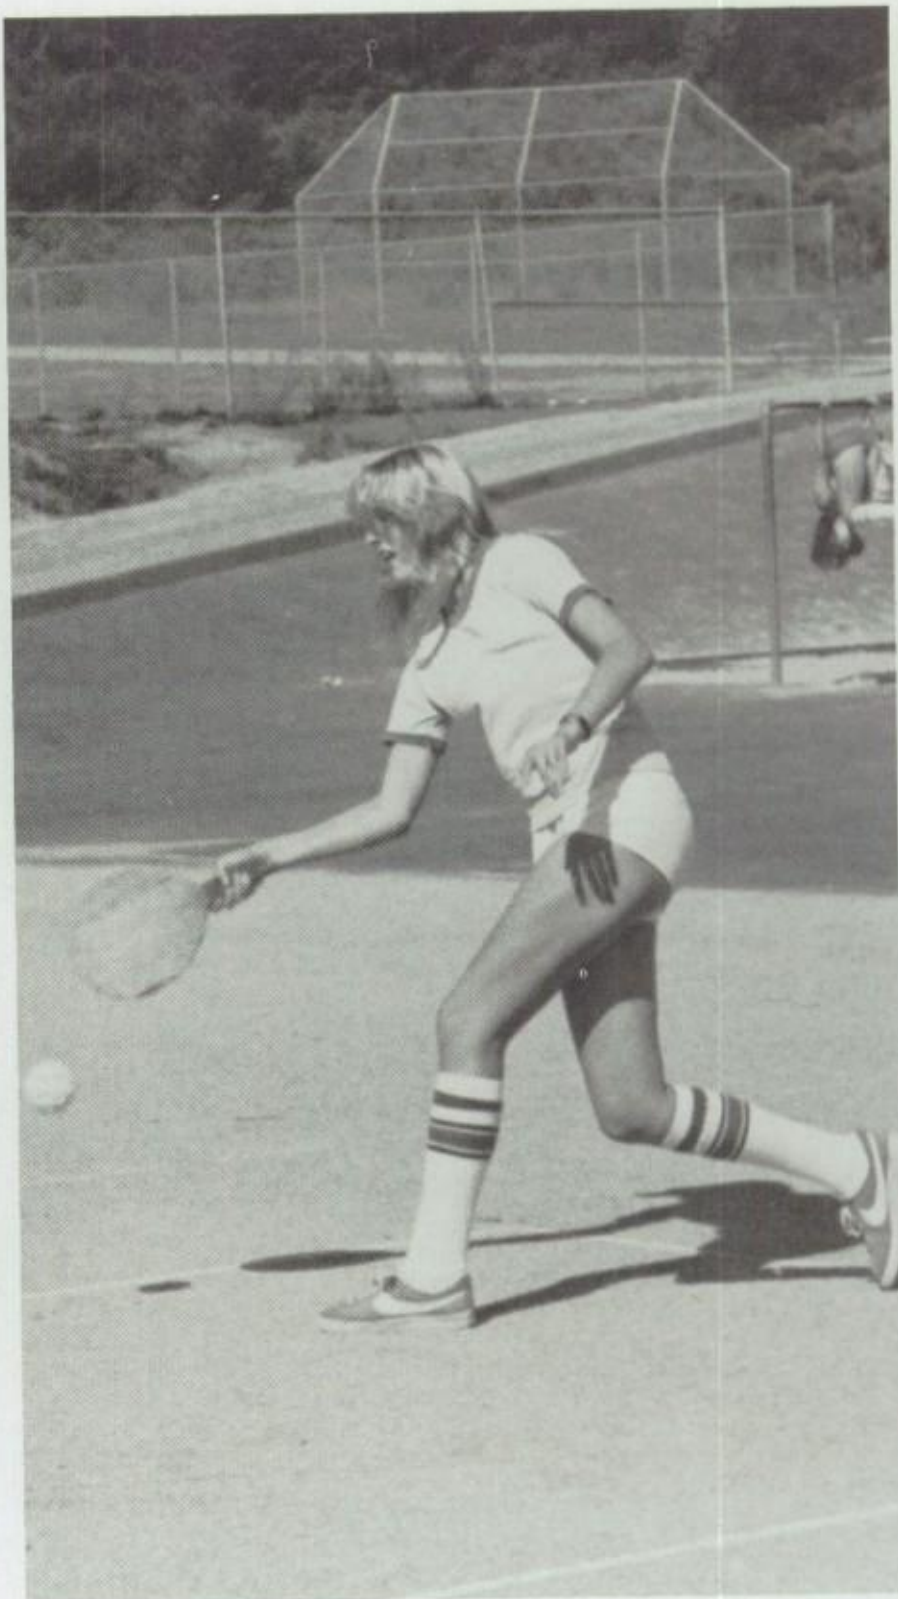

The successful year can be attributed to the abundance of spirit and enthusiasm of the 1977-1978 band.

Balanced P.E. Program

An efficient well-planned program was the key to a great year for the Physical Education Department, as well as a lot of fun for the students.

Physical Education students were involved in eight different activities during the year, with the opportunity to learn fundamentals, and enjoy teamwork.

Many students ran themselves until ultimate physical condition was attained (1). Jill Martin hits a hard forehand in paddle tennis (2). Innovations In Science

For the first time in the history of this high school, a four-week emergency medical self-help course was offered. It was taught by county employee, Michael Jablon, and dealt with disaster-type situations, including, Earthquakes, basic first aid, poisonous animal attacks, nuclear survival and cardio-pulmonary resuscitation. Prior to this addition to the curriculum, health classes only briefly passed over these subjects; Mr. Jablon went into extensive detail upon covering these emergency reactions, which were designed to help the teachers instruct the subjects to the public themselves.

Mr. Kemp proclaimed that with the completion of the school nature trail by previous Basic Biology classes and himself, his classes began publication of a self-touring guide for the student body, which was published for public access.

Social Studies

David Weiss relinquished his chairmanship of the Social Studies Department to Tom Bishop this year. The outstanding teaching facility available was the Social Studies Video Tape Recorder, which was finally paid-off.

More teachers were using the VTR than ever before. The Department acquired more than 30 hours of programming ranging from Alistair Cooke's America to war movies like "Patton".

This past year the VTR was used in classes like Government, U.S. History 1, 2, 3 and 4, World Affairs, Geography and others. During the Fall semester, Tom Bishop taught a senior class in World Affairs. This class offered San Lorenzo Valley students a chance to study several world problems in great detail.

California Field Studies

C.F.S. was the most motivative learning experience offered at S.L.V., in the opinion of those students taking the class. They traveled across California learning through first-hand experiences. They not only learned the basics, but they gained a genuine knowledge of each other, as well as their teachers, David Schumaker and Dave Weiss.

Said Mr. Schumaker; "it was

an exciting way to teach, and learn. It was a family way of learning." Mr. Weiss commented; "every class we've taught has had its own personality. This last year's class was a fun-loving class, and easy to work with."

To quote a typical C.F.S. student; "Weiss and Schumaker were great!"

Work Experience

Work Experience Education was an accredited course offered to juniors and seniors over 16 who held part-time-jobs. They must also have had at least two on-campus classes.

The class was held "on the job", instead of in a classroom. Credits were earned by vocational working. For example, students working 10 hours a week earned up to five credits per semester, and if they worked twenty hours a week, they received ten credits. Students additionally submitted written assignments reflective of their vocational training.

Exploratory W.E. earned credits, but without pay. It was an observation job which assisted students in deciding a career.

The Regional Occupational Programs (ROP) classes were scheduled in the W.E. office through Ms. Chisholm. Specialized jobs were arranged, such as Cosmetology, Graphic Arts, Auto Mechanics, and Stenography.

Youth Employment Program (YEP) was run by volunteer workers who worked four hours a week. The last two years over 900 students found all kinds of appropriated jobs.

Sports

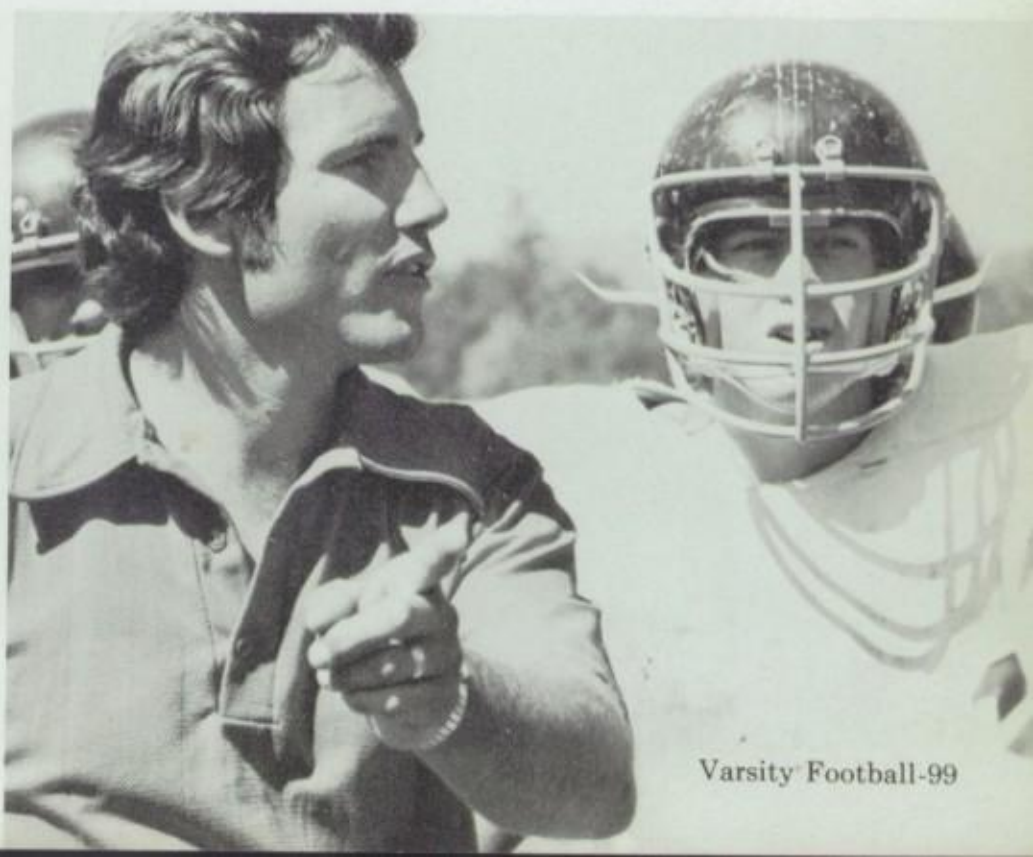

Spirit was high on the Varsity squad this year, despite the team record. Coached by Steve Rodriguez, the Cougars were never able to put it all together but recorded several good halves. The team was hampered by injuries all year, and what started as a team of 40 athletes, finished as a group of 23 able players. There were several fine individual efforts; on the offense, Tony Rodman snatched 19 receptions while on the defense, Jack Ladd and Dave Lujan stood out as outstanding players.

The Cougars look forward to a strong season next year. Sophomores and Juniors made up much of the starting line-ups through out the playing season.

JV's Learning The Fun Way

Four words echoed from the ranks of the JV practice field. Agression, second-effort, run and stick. The four words were the motto of the exciting JV's and one they certainly lived up to.

The young JV's did an excellent job all year long, sticking opponents and letting their presence be known to all. The team was in every game until the final whistle, showing the extreme intensity in their play.

The JV gridders were hurt by the shuffling of sophomore personnel to and from the Varsity squad. In the eyes of coaches Lee Overbeck and John Yacenda if the JV's had all the players with them throughout the year, they could well have been undefeated. Overall, the team had a lot of fun and will remember this season as a strong one.

Freshmen S.C.C.A.L. Champions

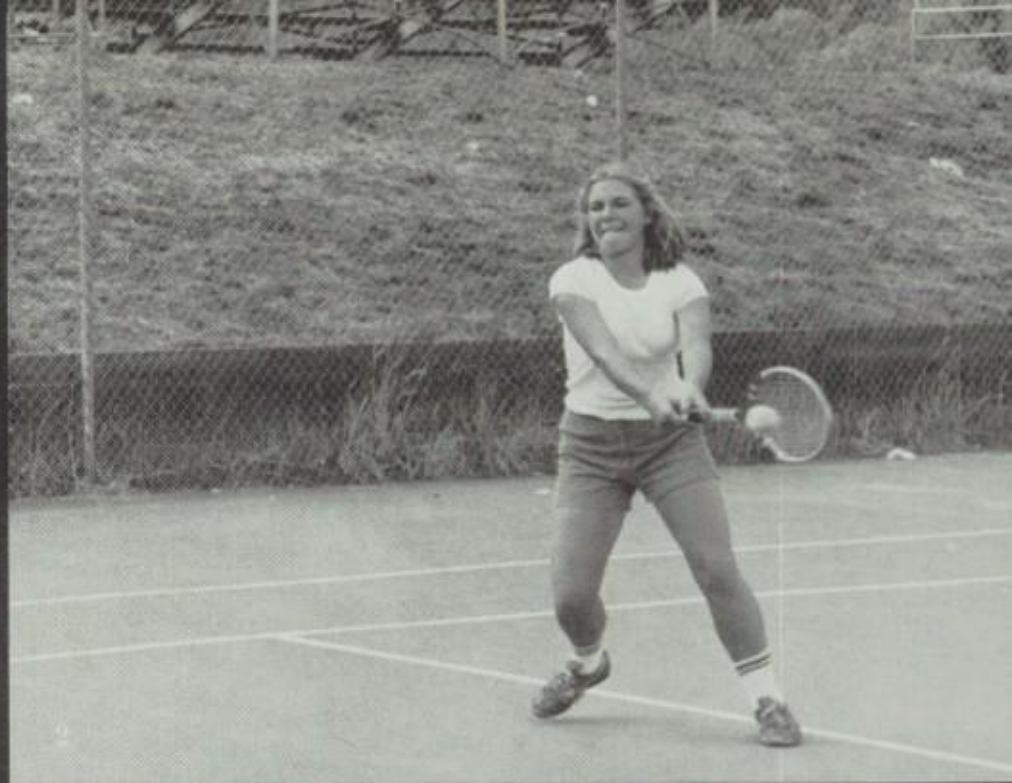

The Frosh team of 1977 became the first championship football team at San Lorenzo Valley. Their record of 5-1-2 was indicative of the spirit and intensity displayed by all of the team members. Some of the highlights of the season were limiting the opposition to 20 points for an average of 2.5 points per game. The offense rushed for over 1,000 yards and passed for 6 touchdowns.

This was a year of dramatic change for the Girls' Tennis Team. More than half the team members were first-year players, gaining invaluable experience on the court.

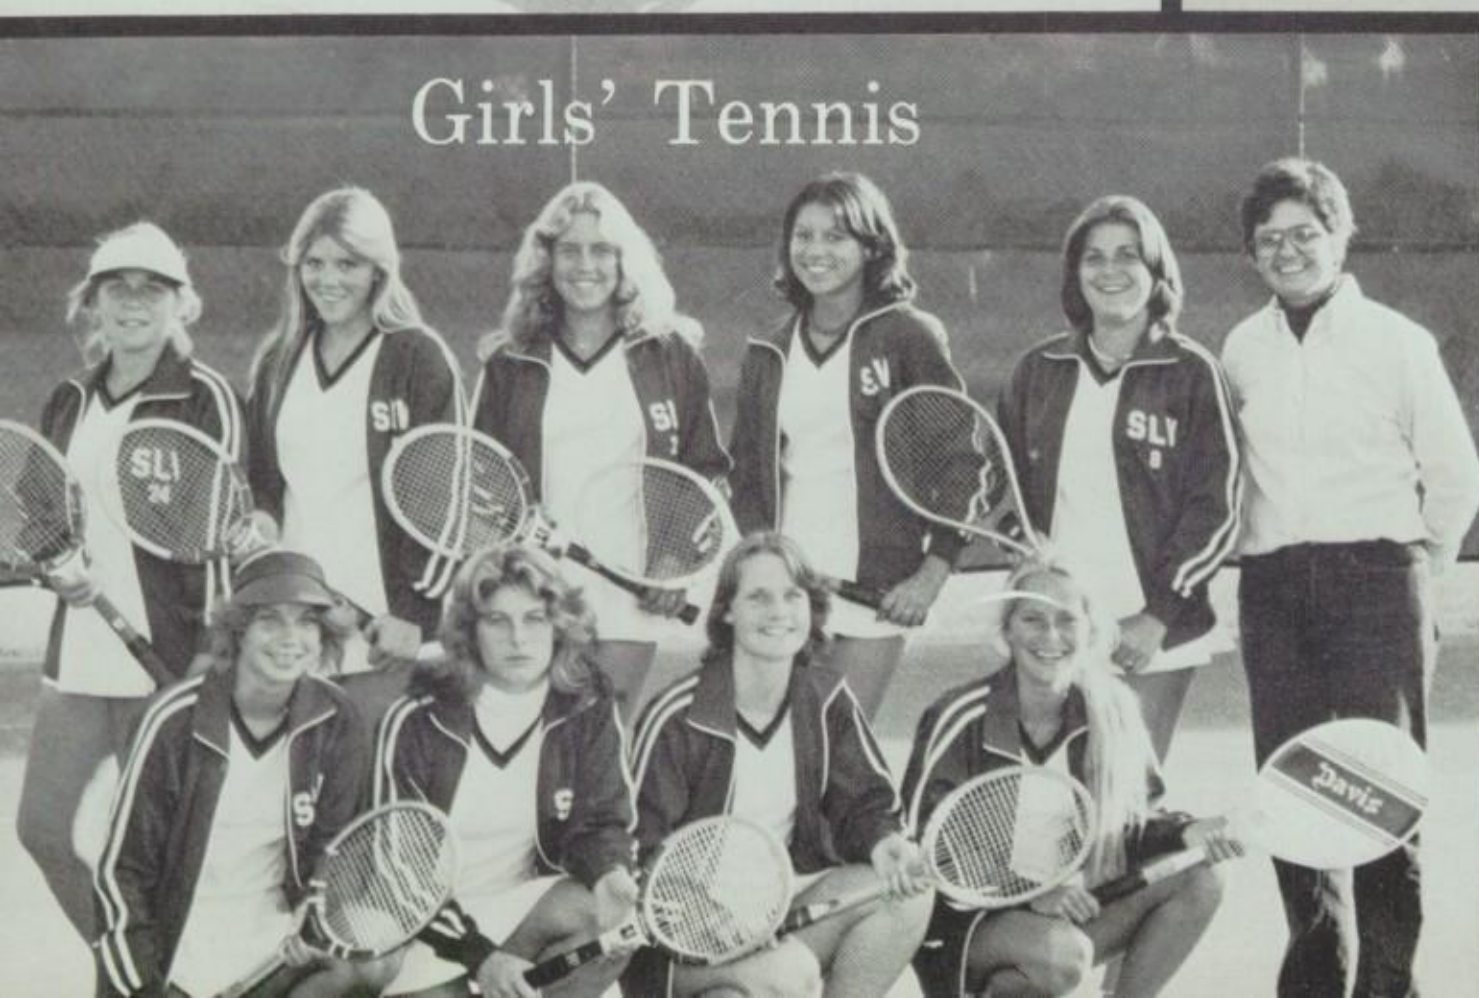

The most valuable player was Grace Cunningham; the most inspirational person was Tami Guileri; and the most improved player was Britta Wilder.

(1) Liz Pilgrim and Shelly McGuire patiently awaits a serve from the opponent. (2) Grace Cunningham fires a driving backhand at her opponent with assured accuracy. (3) Barbara Bigbee returns a serve with determination. (4) Shelly McGuire serves out her set during a tight match. (5) Grace Cunningham works on her serve during practice. (6) Grace Cunningham, Robin Phillips, and Laurie Frank relax as the rest of the team members finish their matches. (7) Barbara Bigbee demonstrates a volley with relaxed style. (8) Britta Wilder rushes the net while executing a crucial $\frac{3}{4}$ court half-volley. (9) Robin "Rubber Wrist" Phillips hits a solid forehand. (10) Sandi Abrams follows through her serve during the deciding set of her match.

Cross Country enjoyed a successful season, and the team displayed outstanding individual as well as combined performances. The Girls' and Frosh-Soph teams did extremely well. Each team recorded two wins and two losses. Both of these teams as well as the Varsity and Junior Varsity, have shown a dynamic force never before seen in Valley runners.

The teams ran four dual meets and six invitationals. The courses traveled included distances from 1.9 to 3 miles.

The Frosh-Soph team worked hard all year and in the end it payed off, as they captured their second straight league title.

Coach Gary Grellman has done an exceptional job with his group of very talented athletes.

Team members are: (FIRST ROW) Deena Pearson, Sue Kent, Angela Paradise, Susan Kessey, Martha Evans, (SECOND ROW) Gordon Rash, Chris Manson, Jeff Smith, Gregg Sharter, Pat Boole, Troy Pratt, Gerard Delaney, Brendt Smith. (THIRD ROW) Sue Smith, Arron Ellis, Bob Roediger, Rick Pearson, Chris Cummings, Bill Allen, Steve Root, Missy Theis. Steve Root heads toward a fine finish.

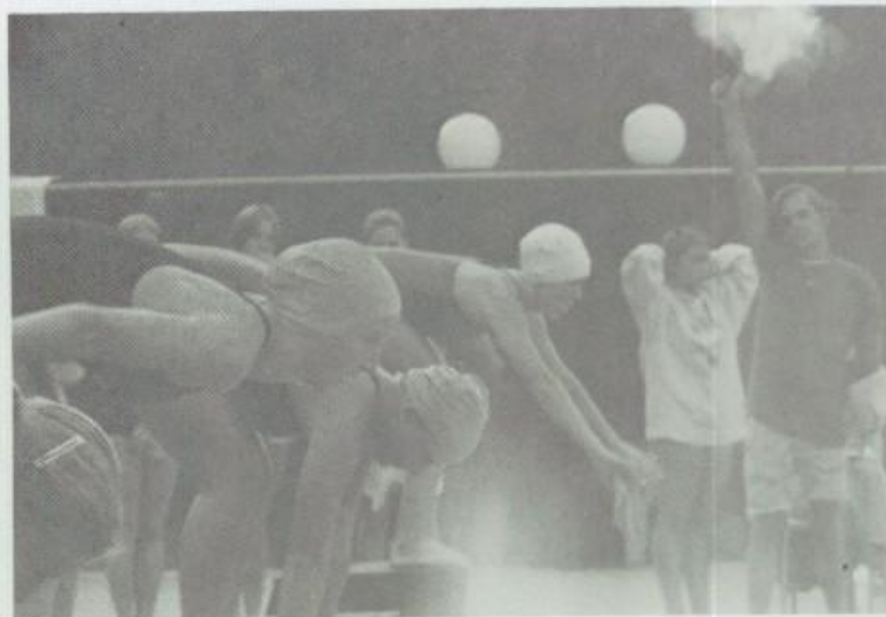

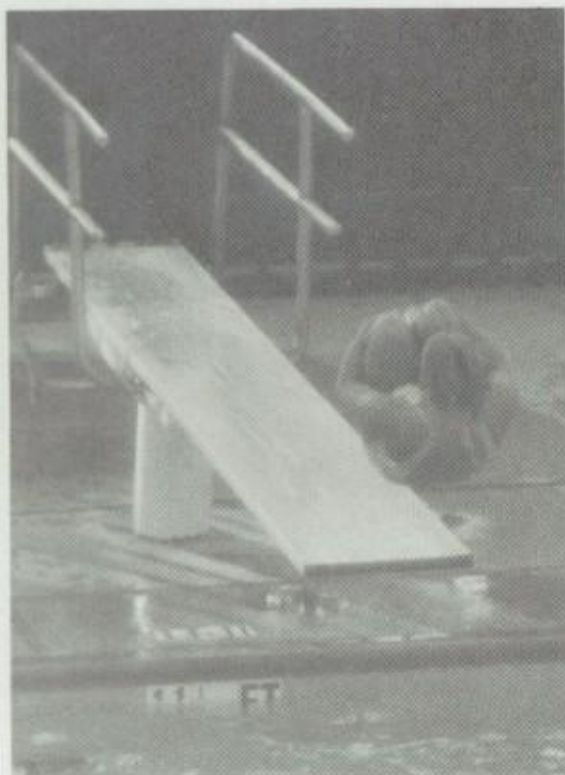

(1) Steve Root runs in the Aptos Invitational. (2) Chris Manson displays the endurance which gained him recognition as a very talented athlete. (3) Deenna Pearson places at the Soquel Invitational. (4) Rick Pearson runs by a camera. (5) Chris Cummings' running drives at least one spectator to tears.

The 1977-1978 season started slowly for the Cougar Varsity as they lost to Palma in their opener, but came back to take 3rd place in the Dad's Club Tourney, and then went on to a fine league season.

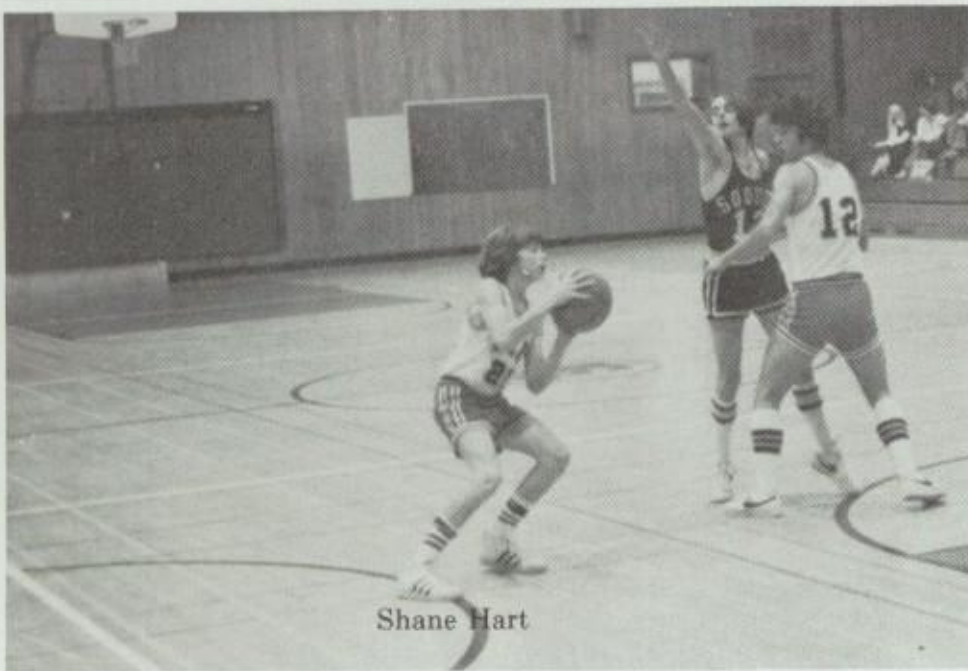

In the Dad's Club Tourney, Jon Walters and Randy Sutherland made All-Tourney, but the Cougar victories were strong team efforts. Randy Sutherland led the team in rebounding with 346 for the season, while Casey Gwinn led the team in scoring with 409 points on the season. Coach Dave Mercer had another fine season coaching a very talented group of athletes. Team members included: Leonard Kuhnlein, Tony Peretti, Mike Miguel, Randy Sutherland, Bud Gibson, Gary Lindner, Jeff Graham, Coach Dave Mercer, Mike Loeffler, Casey Gwinn, Chris Wilson, Tony Loeffler, and Jon Walters.

Doug Wilson

Shane Hart

Don Baughman

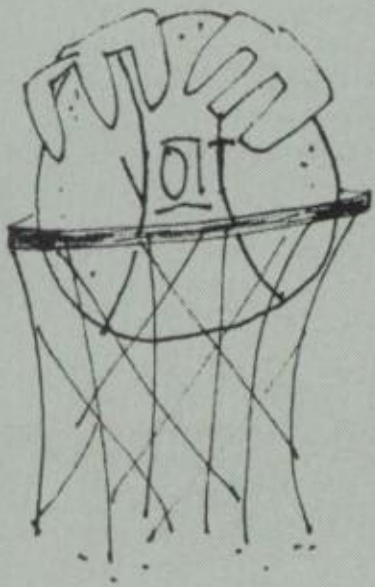

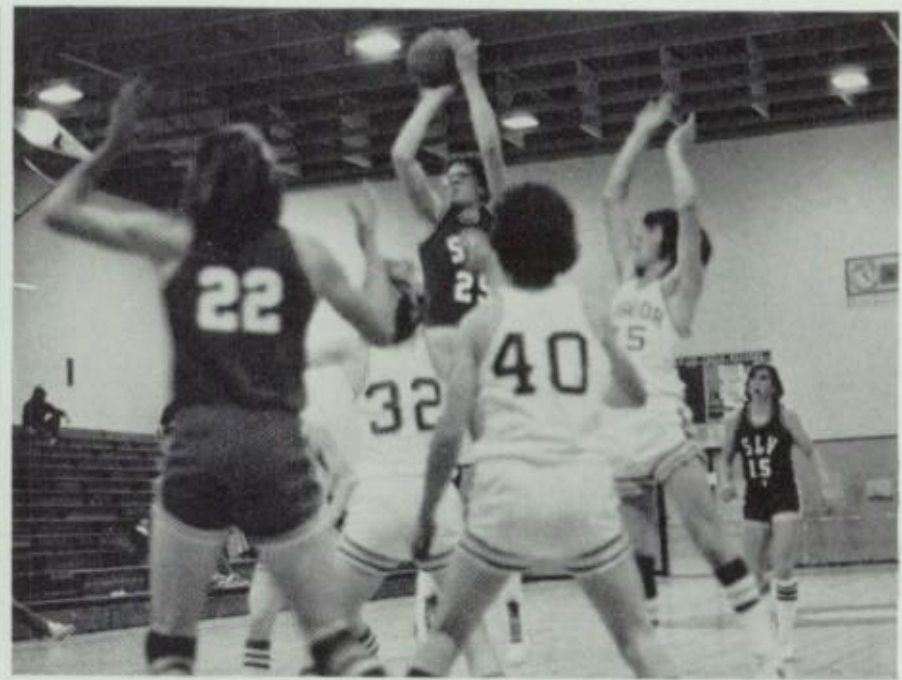

Under the coaching of Larry Hart, the Junior Varsity enjoyed a fine season. The team finished 2nd in the Soquel Tourney early in the year, and then steadily improved through the season. All the players contributed to the winning season with great contributions coming from Don Baughman, Tom Flower, Louie Walters, Shane Hart, and Steve Moody. Chris Pease, a sophomore forward, improved immensely during the season and will undoubtedly be an asset in the future. Don Baughman led

the team in rebounding, averaging over 12.2 rebounds per game for the last half of league play. Shane Hart and Tom Flower headed the offense with 14.0 and 10.0 points per game, respectively. Louie Walters led the team in steals with over 5 per game.

Team Members include: Louie Walters, Tom Flower, Shane Hart, John Barnes, Steve Anderson, Jim Barnes, Doug Wilson, Don Baughman, Mike Brown, Steve McAdams, Chris Pease, and Steve Moody.

Great contributions also came from Paul Garbez, Tim Cross, Marc Muetting, and Mark Kettles. Other team members included: Todd Rybczyk, Richard Beatty, Mark Morris, and Bill Scherenbeck. Activities

Parents Strike Again!

Swap Day was again initiated instead of "Back To School Night". Mr. Kenneth Bailey was pleased with the 25 per cent increase in parent participation over last year. Parents joined our high school students in attending classes and many students tried working at their parent's jobs. Most students whose parents participated attended classes together with their parents. When classes were attended together, parents did not feel as "lost" as they did when they came by themselves. Most of the teachers and administrators believed that Swap Day was worthwhile and better than a "Back To School Night" would be,

because parents actually went from class to class, experiencing exactly what students experienced and could learn more about the school that way. Said Mr. Richard Lien, "Swap Day is so neat!" Mr. Kenneth Bailey called it "an extremely large, huge, success."

When the parents arrived at school, they registered and were given free coffee. Many parents noted that our school was not as strict as school had been for them. They were impressed with the way that teachers and students related together on an equal basis instead of as master to slave, as the relationships were when they went to school.

The idea for Swap Day originated with Mr. Dave Schumaker. When he was driving through the midwest he noticed an article about a Swap Day in a local newspaper. The school in the midwest had been having annual Swap Days for years and had built up to 80 per cent parent participation.

To induce students to encourage their parents to come to Swap Day, the Cougar Club offered a luncheon to the class containing the highest percentage of parents in the class.

Linda,

Before I write this I must tell you that this page is just as good as

Brendas even though you may think otherwise. This year has been quite

a good one for you and I. Everything we did we were together, even though

we both had our little tiggies I enjoyed every minute. Linda, dearest,

you have grown up into quite a beautiful person, you have self confidence

which makes people like you and you have that great smile of yours, that

blinds me every time. You flash

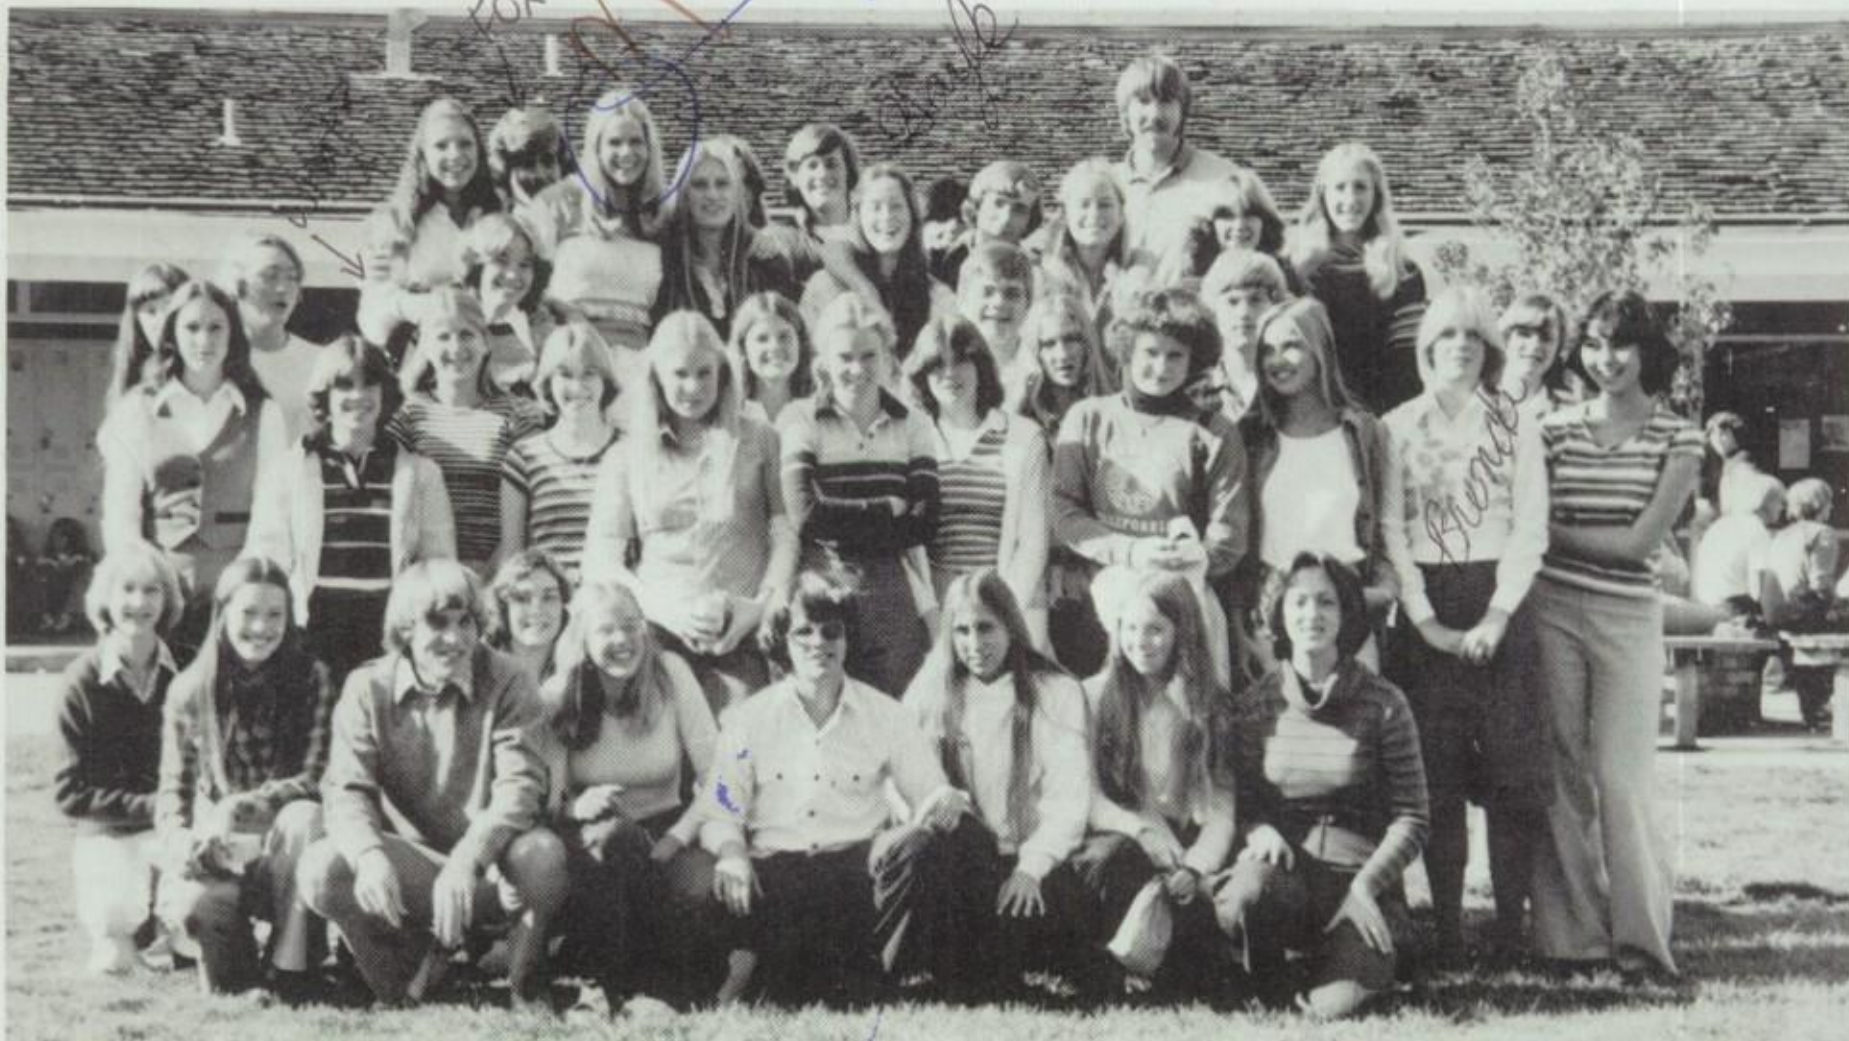

those pearly white teeth. Even though we've had our odd moments, like

chasing each other with knives and acting like barbarians in Woolworths

I'll always remember them.

Organizations

California Scholarship Federation

C.S.F. became an active organization again, due to hard work and determination. Several committees were formed to make the club more efficient. The Field Trip committee, headed by Julie Holoien, planned and executed successful field trips, including a trip to the University of the Pacific and a day in San Francisco. The Fund-raising committee organized the traditional licorice campaign, cake raffles and other money makers.

Although membership was 6% below last year's, a greater percentage of members were actively participating. Mrs. Schreiber, C.S.F. Advisor, along with Laura Good, President; Theresa Hudson, Secretary; and Karin Peterson, Treasurer, did an excellent job at making the club a rewarding experience for everyone involved.

Key Club; Building For The Future

The Key Club is a service organization devoted to help the community and the school. With this in mind, Key Club became one of the most active clubs on campus.

The club started the year with the September Dance featuring the band Teaser. With the profits of this dance the club donated \$250 to the Hillside Home for the retarded.

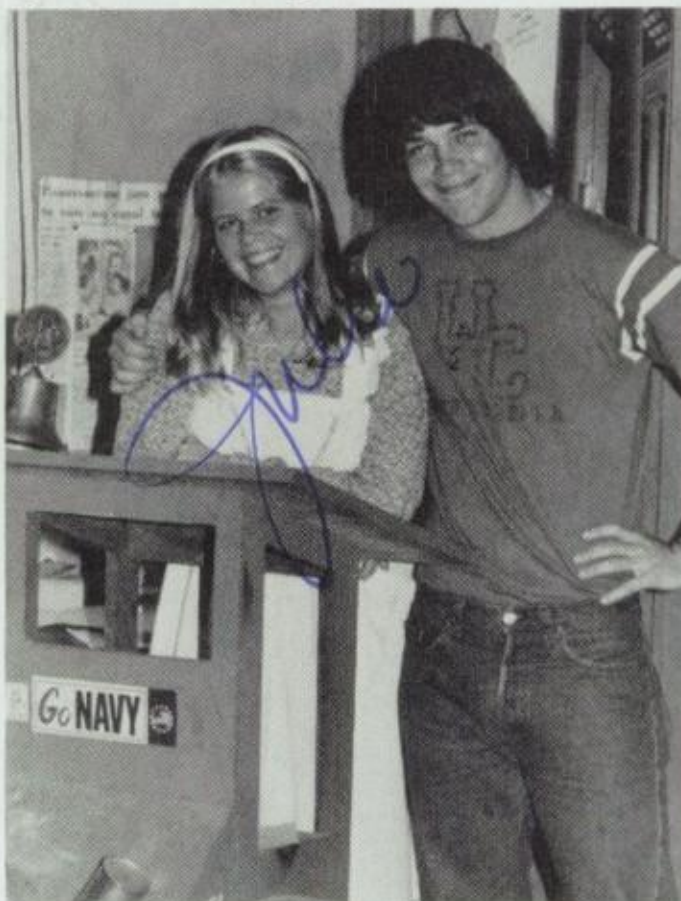

"Pet Project" of the club was the cleaning up of the Felton cemetery.

Other projects for the club included an installation dinner for new members, a halloween tour of a mortuary, a Basketball Marathon, Teacher Appreciation Day, and a Parent of the Year award.

Motocross Club

The Motocross Club was formed several years ago by students interested in riding and learning more about motorcycles. Even though they do not compete as a team, these modern day Evil Knevels compete individually in various races in the county.

Aside from racing, these Dare-Devs worked toward attaining a place to ride in a county area for practice and fun.

The goal for the Motocross stunt men was to promote safety and to increase their knowledge of motorcycles.

Keywanettes

The Keywanettes became a big club overnight growing to 27 members.

Under the dynamic leadership of President Louise Peters the Keywanettes participated in many activities. Selling tickets at football and basketball games, a bake sale, and a trip to a mortuary on Halloween night with the Key

Club were just some of the activities for the Club. A more memorable note for the Club was the dance they put on in April where they donated most of the profits to the Senior Citizens. SKI CLUB 1977-1978

The Ski Club considered Mammoth Mountain, Bear Valley, Squaw Valley, Kirkwood, and Alpine Meadows as prospective places for ski trips this skiing season. However, up to the date of printing, the stormy weather and amount of funds left the Club indecisive as to when, where and how many times to enjoy the pleasure of the ski slopes.

Ruth Ann Rodman, Advisor Steve Rodriguez, Joan Sanborn, Mike Schaefer, Jeff Schwerdtfeger, Roland Skold, Cindy Stilwell, Doug Stretch, Laura Strodder, Rick Sutherland, and Carrie Thomson. (2) A ski lift took members to the mountain top view point so as to look at the scene and neighboring ski resorts. (3 & 4) The Ski Club paused briefly before returning home. (5) Just off the slopes on a previous trip are; Terri Stowell, Jeri Dewey and (6) advisor Steve Rodriguez.

Members of the 77-78 Ski Club included (1): Back row - Karin Peterson, Vince Egger, Mark Desobeau, Bart Skold, Darla Olson, Jeff Graham, Jeri Dewey, Karen Wilder, Britta Wilder, Tony Rodman (President), Lois DeMartini, Beth Carlisle, Sue Tamagni, Anne Sweeny, Elaine Goodell, Bob Chestnut, and Chip Tamagni. Cougar Club

The Cougar Club, which was formed over eight years ago, is an answer to concerned and interested parents who want to find out what is happening at the high school.

Any teacher associated with or any parent whose child is enrolled at San Lorenzo Valley High School may become a member. The members usually are either patrons or (as in the case of the officers) are concerned parents. The club held meetings during the school year to discuss, and possibly come to some solution, topics of community discussion pertaining to the school. The members also attend the monthly principal's coffee.

Since its beginning, the Cougar

Club has assisted at school functions, and assisted the school in obtaining facilities, equipment, and funds; yearly the club has improved communications and cooperation between parents and the school and prompted the general welfare of youth in the school and community.

Some of the more traditional activities the non-profit club has been associated with and sponsored this year were: financing the principal's coffees, awarding book scholarships to selected students of the graduating class, raising money to help the Junior Class pay for the Senior Class Dinner, co-sponsor the winter formal with the Junior Class.

(1) Mr. Sessions and Mr. Bailey at the principal's coffee meeting. (2) Julie Holioen, Joy Monard, Shirley Nason and Elaine Shattock at the meeting, also. (3) Mrs. Allen, President, pays close attention. (4) Cougar Club Officers are Bev Allen, Mrs. Arana, Mrs. Rodman, and Mrs. Dobbel.

Thespians Acquire Three Directors

In the past, there had been one director for the entire school year who directed all of the plays. Improvements were made this year as there were different directors for each of the three plays; this allowed each director to put all of her time and effort into one play. Said Ms. Martha Miller Kaufeldt, director of the first production, "Now we only have to go nuts one-

third of the year. Otherwise total nuttiness may set in."

Martha directed "Cheaper By The Dozen", a comedy. It was brilliantly performed on November 17, 18, and 19.

"Our Town", performed on February 3, 4, 10, and 11, was directed by Ms. Abbey Goss. It was a serious play, written by Thornton Wilder.

The musical, "Fiddler On The Roof", was directed by Ms. Ardeth DeVries. The choreographer was Mrs. Billie Hooper and Mr. Jad Mintun directed the orchestra. The impressive production was performed on May 18, 19, 20, 25, 26, and 27; affording everyone an opportunity to see it at least once.

This being the first year JV cheerleaders joined the San Lorenzo Valley yell-leading squads, many successes were rendered.

The cheerleaders went to camp last summer and won an excellent rating while the pom pon girls brought home 6 blue ribbons.

Our squads raised money for camp and uniforms by selling cushions, spirit buttons, and tootsie pops. They also made over \$600 on the October dance.

The group gave the Varsity football team a pancake breakfast before one of the first games of the season. They also sponsored a whistle day where everytime someone blew a whistle, the spirit leaders would yell "Beat Blackford". They also enjoyed a big showing again this year in the annual Dads' Club Basketball Tournament.

To the High School Student Body:

Only two things matter in high school. What you do for each other and what you do for yourselves.

So these moments here are precious ones, because what you do for each other and for yourselves will effect you for the rest of your life.

To say thanks is so small when compared to the gratitude you deserve, but ...

Thanks for buying a Student Body Card, and for going to dances.

Thanks for being in a skit, and for being in a club.

Thanks for coming to Student Council meetings, and for working

on the Constitution.

Thanks for raising the money for the Student Center, and for building it.

Thanks for going to athletic events, and for being in the intramurals.

Let all these times become one total experience of growth and life.

Enjoy it all, and Wherever the roads may lead, let us remember the common bond we have had and cherished for these moments.

Yours truly,

The Student Body

Hi Cathy!

O

Lynda,
My dearest friend,
Tho' we've had our differences
(quite a few) I think we're as
good of friends as ever; I know
I'll see you a lot over the
summer;

I'm sorry about last
Friday night - I know I acted
like a hypocrite - I felt bad
about it, but I couldn't help
it.

When you read this in 15 yrs.
remember that this is June 5,
get back SAT scores Monday the Monday
from Sequel High School

Top Ten Students — Class of 1978

10th — Cynthia Fahey

9th — Theresa Hudson

The top ten students of the Class of 1978 have completed seven semesters with three B's or better, which is a rather commendable feat. (Although other students received three B's, the top ten honors were evaluated by grade point averages.)

The top ten students are pictured at left, with the exception of Cynthia Fahey and Theresa Hudson who were not available at press-time.

8th — Karin Peterson

7th — Jody Newsome

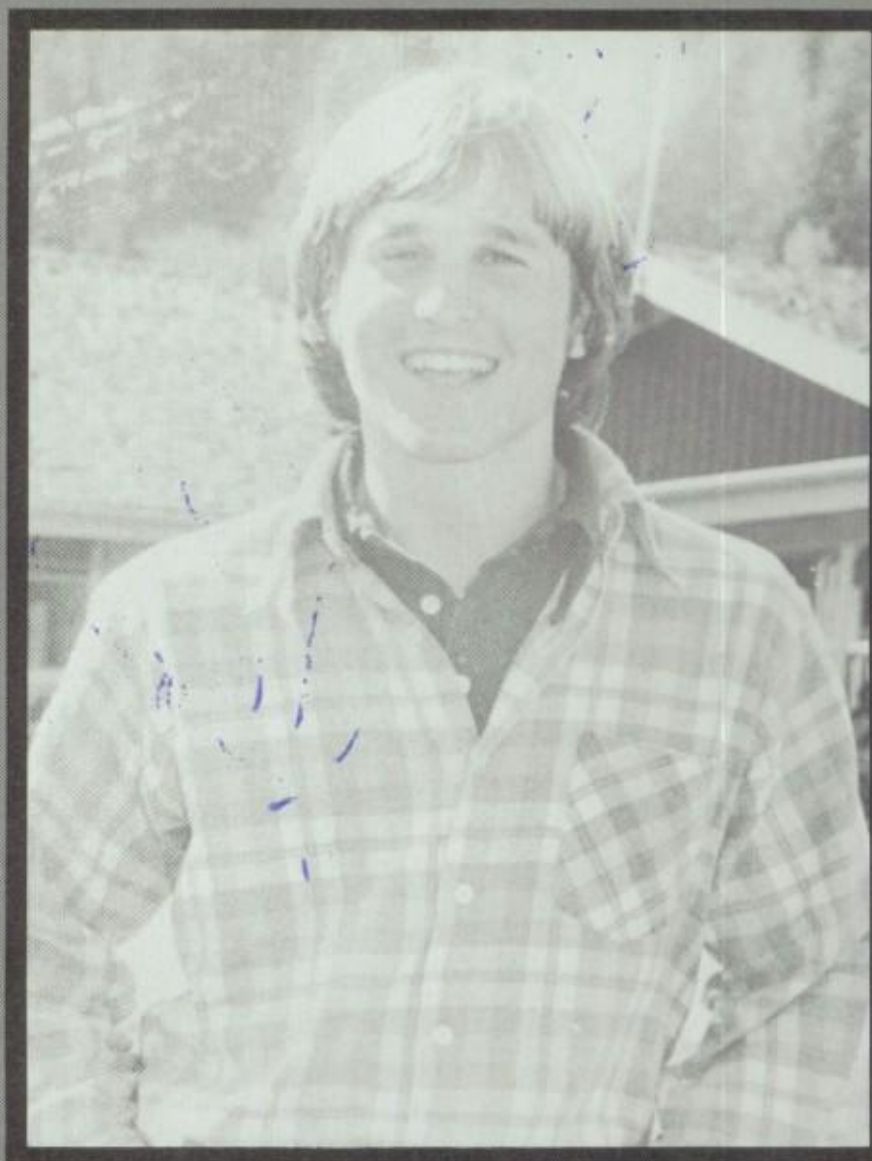

6th — Laurie Keesaw

Salutatorians

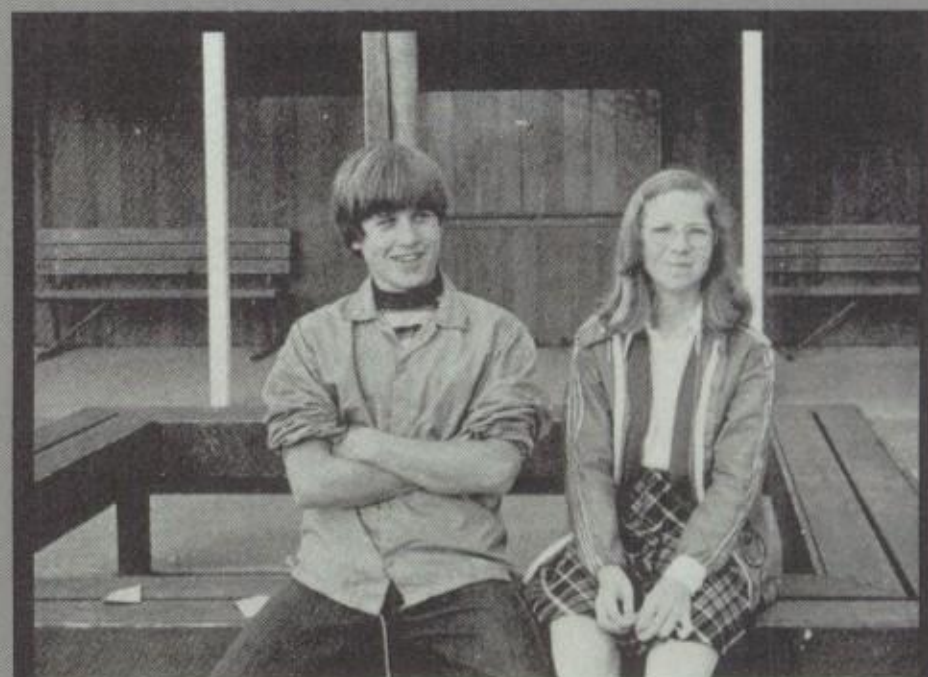

5th — Karen Wilder

4th — Casey Gwinn

Casey And Karen Share An Honor — Again . . .

Casey Gwinn and Karen Wilder were voted "most athletic" by their peers—in eighth grade. Since then, their brawn has turned to brain and they have completed high school with only one 'B' to blemish their record of straight A's.

MOST ATHLETIC

Karen Wilder and Casey Gwinn

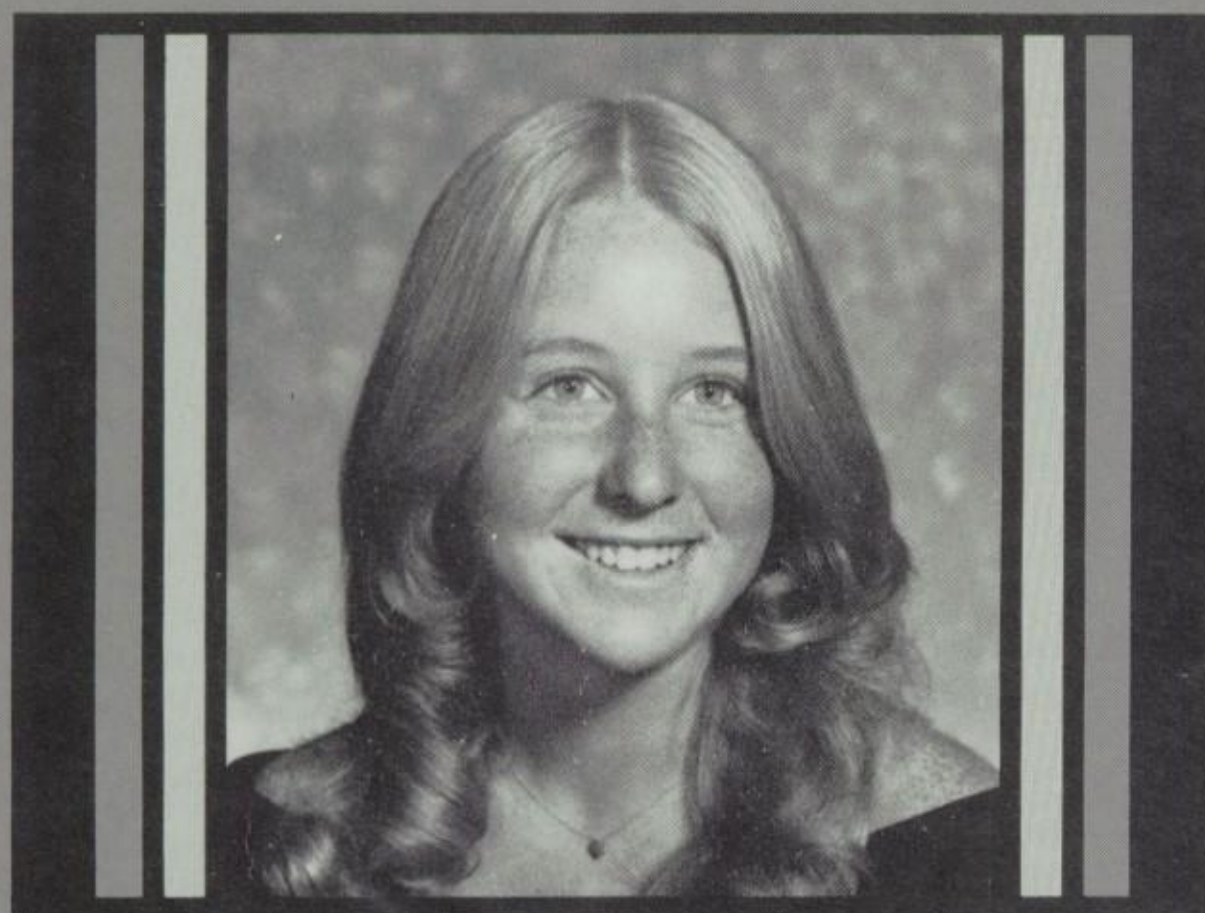

Valedictorians

3rd — Julie Holoien

2nd — Barbara Bigbee

1st — Lisa Hogsett

Valedictorians Earn 4.0's With Hardest Schedules

There has been controversy in the past over the problem of students receiving 4.0 averages in nondemanding courses, while students who chose to take academically advanced classes would often receive 3.95 G.P.A.'s.

However, there was no controversy over 1978's Valedictorians. Commendably, these three scholars took the toughest classes available and, in spite of their active involvement in extracurricular interests, they managed to retain a 4.0 grade point average.

Bank Of America Award Winners

The Bank of America Certificate winners were: Music, Susan Howard; Foreign Language (Spanish), Janet Brumbaugh; Social Studies, Casey Gwinn; Lab Science, Hans Knepper; Math, Jim Hahn; Business, Gwen Stallings; Home Economics, D'Ava Olson. Not pictured: English, Barbara Bigbee; Drama, Beverly Crawley; Trades, Ray Speltz.

The plaque winners were: Karen Wilder, Liberal Arts; and Wade Smithson, Science and Math.

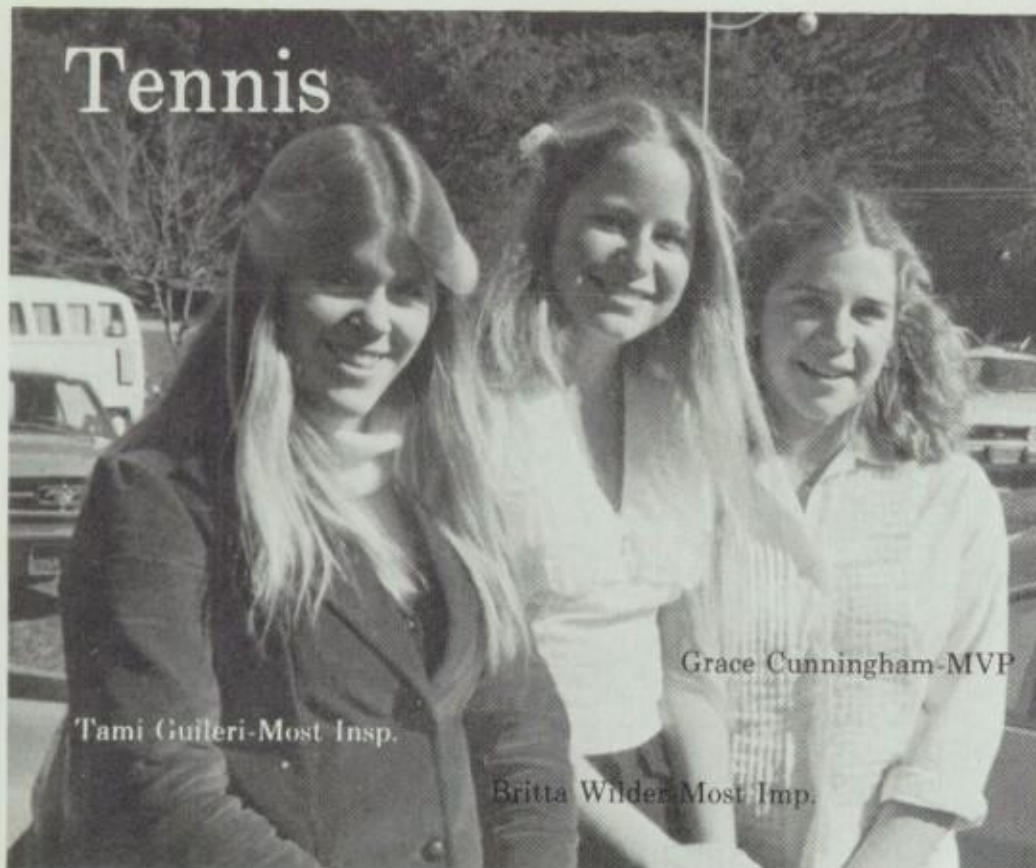

Girls' State Boys' State

The 1978 representative to Girls' State was Gayle Gardner. Patti Kiehl was her alternate. The Boys' State candidates for 1978 were: Jeff Walters, Tony Rodman, Mike Brown, Chris Cummings and Mike Scheafer. Because of printing deadlines the Semper-virens did not know who the Boys' Stater was at that time.

How do we do it?

By being part of a large company that buys in huge quantities and is able to buy for less... we pass the savings on to you!

How fast can we do an installation?

Average time for the average car—25 minutes—that means from start to finish! You'll be on your way before you know it.

Do we have it in stock?

We make the tailpipe to fit your car in just 6 minutes. Our special automated equipment bends and forms a tailpipe that fits just about any car made.

How do we guarantee it?

In writing - for as long as you own the car. Our **LIFETIME GUARANTEE** means we repair or replace the muffler and/or tailpipe and exhaust pipe-except in an accident or due to negligence.

Who is Superior Muffler Centers?

A growing chain of specially trained and authorized muffler and tailpipe centers who sell, install and guarantee thousands of exhaust systems every year at the lowest possible prices.

If You Can Fill The Unforgiving Minute

With the Seconds Worth Of Distance Run . . .

"IF"

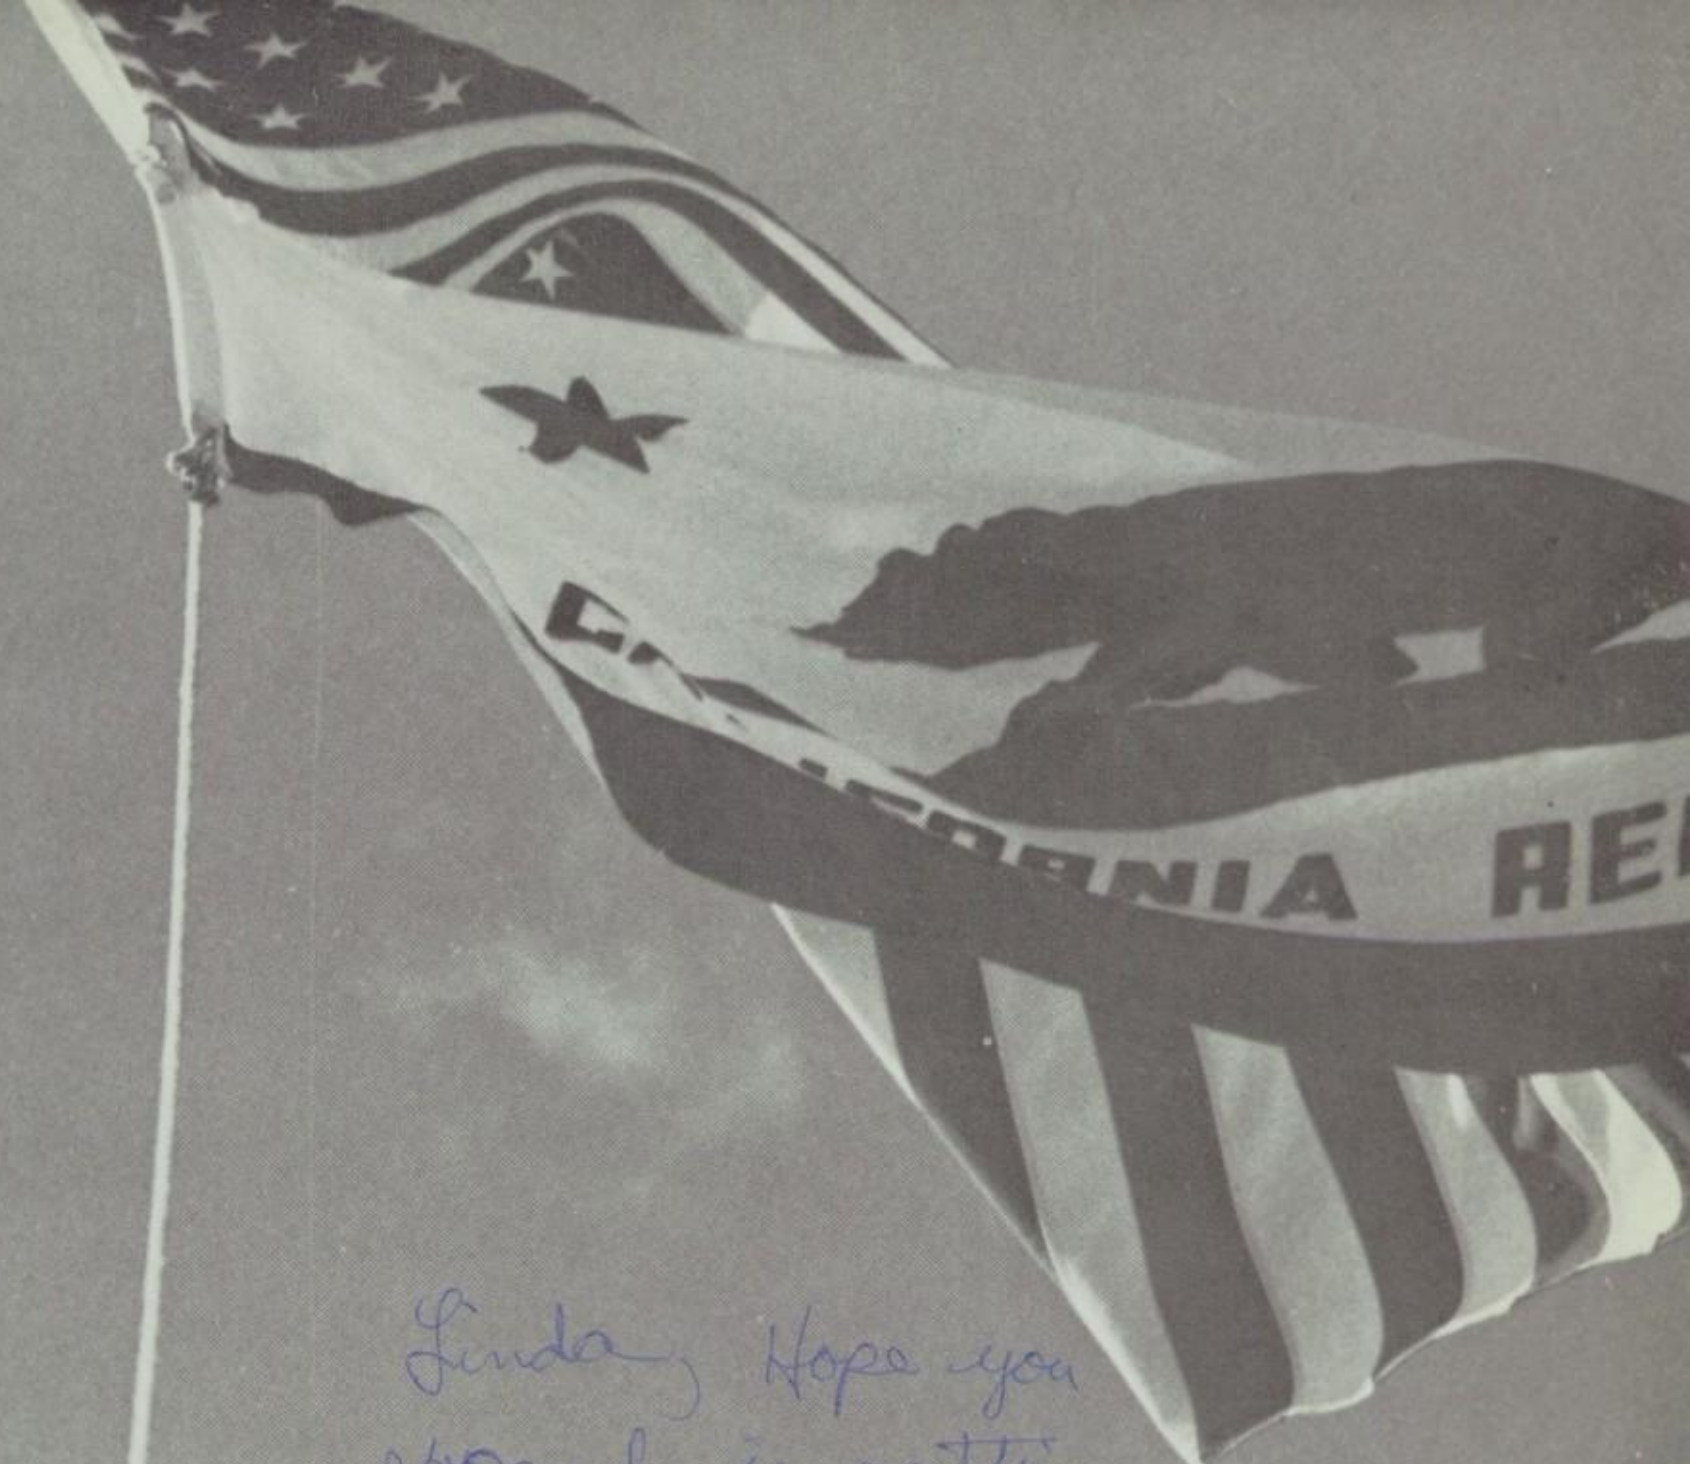

If you can keep your head when all about you
Are losing theirs and blaming it on you,
If you can trust yourself when all men doubt you,
But, make allowance for their doubting, too;
If you can wait and not be tired by waiting,
Or, being lied about, don't deal in lies,
Or, being hated, don't give way to hating,
Yet never look too good nor talk too wise;

If you can dream and not make dreams your master,
If you can think and not make thoughts your aim,
If you can meet with triumph and disaster,
And treat those two impostors just the same;
If you can bear to hear the truths you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to broken,
And stoop to build them up with worn-out tools;

If you can make one heap of all your winnings
And risk it in one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you,
Except the will which says to them, "Hold on!"

If you can talk with crowds and keep your virtue
Or walk with Kings, nor lose the common touch,
If neither foes nor loving friends can hurt you,
If all men count on you but none too much;
If you can fill the unforgiving minute
With sixty seconds worth of distance run,
Then yours is the Earth, and everything that's in it
And, which is more, you'll be a man, my son.

-Rudyard Kipling-

Linda, Hope you
succeed in getting
your scholarship in Nuclear Physics
and maybe this summer I'll
stop by and see you at Stanford
See you this Summer

Thanks, Robin, for livening up lazy layouts with your creative illustrations;

Thanks, Cathy and Jan, for piecing together the Senior Section;

Thanks, Theresa, for compiling the year's history into one Double-page Spread;

And Tom, for selling more yearbooks than anybody ever had;

Bill, for showing such devotion;

Elaine, because once in awhile a smile does a lot, and

Steve, because his dumb jokes helped, too;

Thanks, Laura, for fitting our Faculty together so well;

Thanks, Sheila, for coming back to that same ol' place that you laughed about;

And Wade, for being a good guy;

Thank you, Bud, for being so merry; and

Casey, for taking time out from Yearbook to be A.S.B. President so he could score a 99% on the Final;

Thanks, RicK, for developing into such a fine photographer;

Thanks, Sheri, for knowing how to organize a class-section;

Thanks, Miss Galvan, for giving us direction;

Thanks Ed, and J.R., and Ms. Phillips;

And Gwen, thank God, for doing everything.

Thank you, Lisa

Barbara

Thanx, Barbara

Sorry I'm sure YOU don't want to remember that name! (Ha Ha). Well you've come a long way since I first met you. Well we sure did a lot of super neat and fun things during this past school year. Just think what we can do during the summer!!!

I really think you started a new style at the Disco. Dancing while twirling a \$ed scarf. I think it was also fun going to the beach a lot, and going out all those nights for dinners, movies, and just to go out, like after plays and stuff.

I really hope you don't move to Los Angeles or Escondido or any place except for this valley. ~~I~~ Say hi to your sweet mommy and your sweet sister, I really like them!

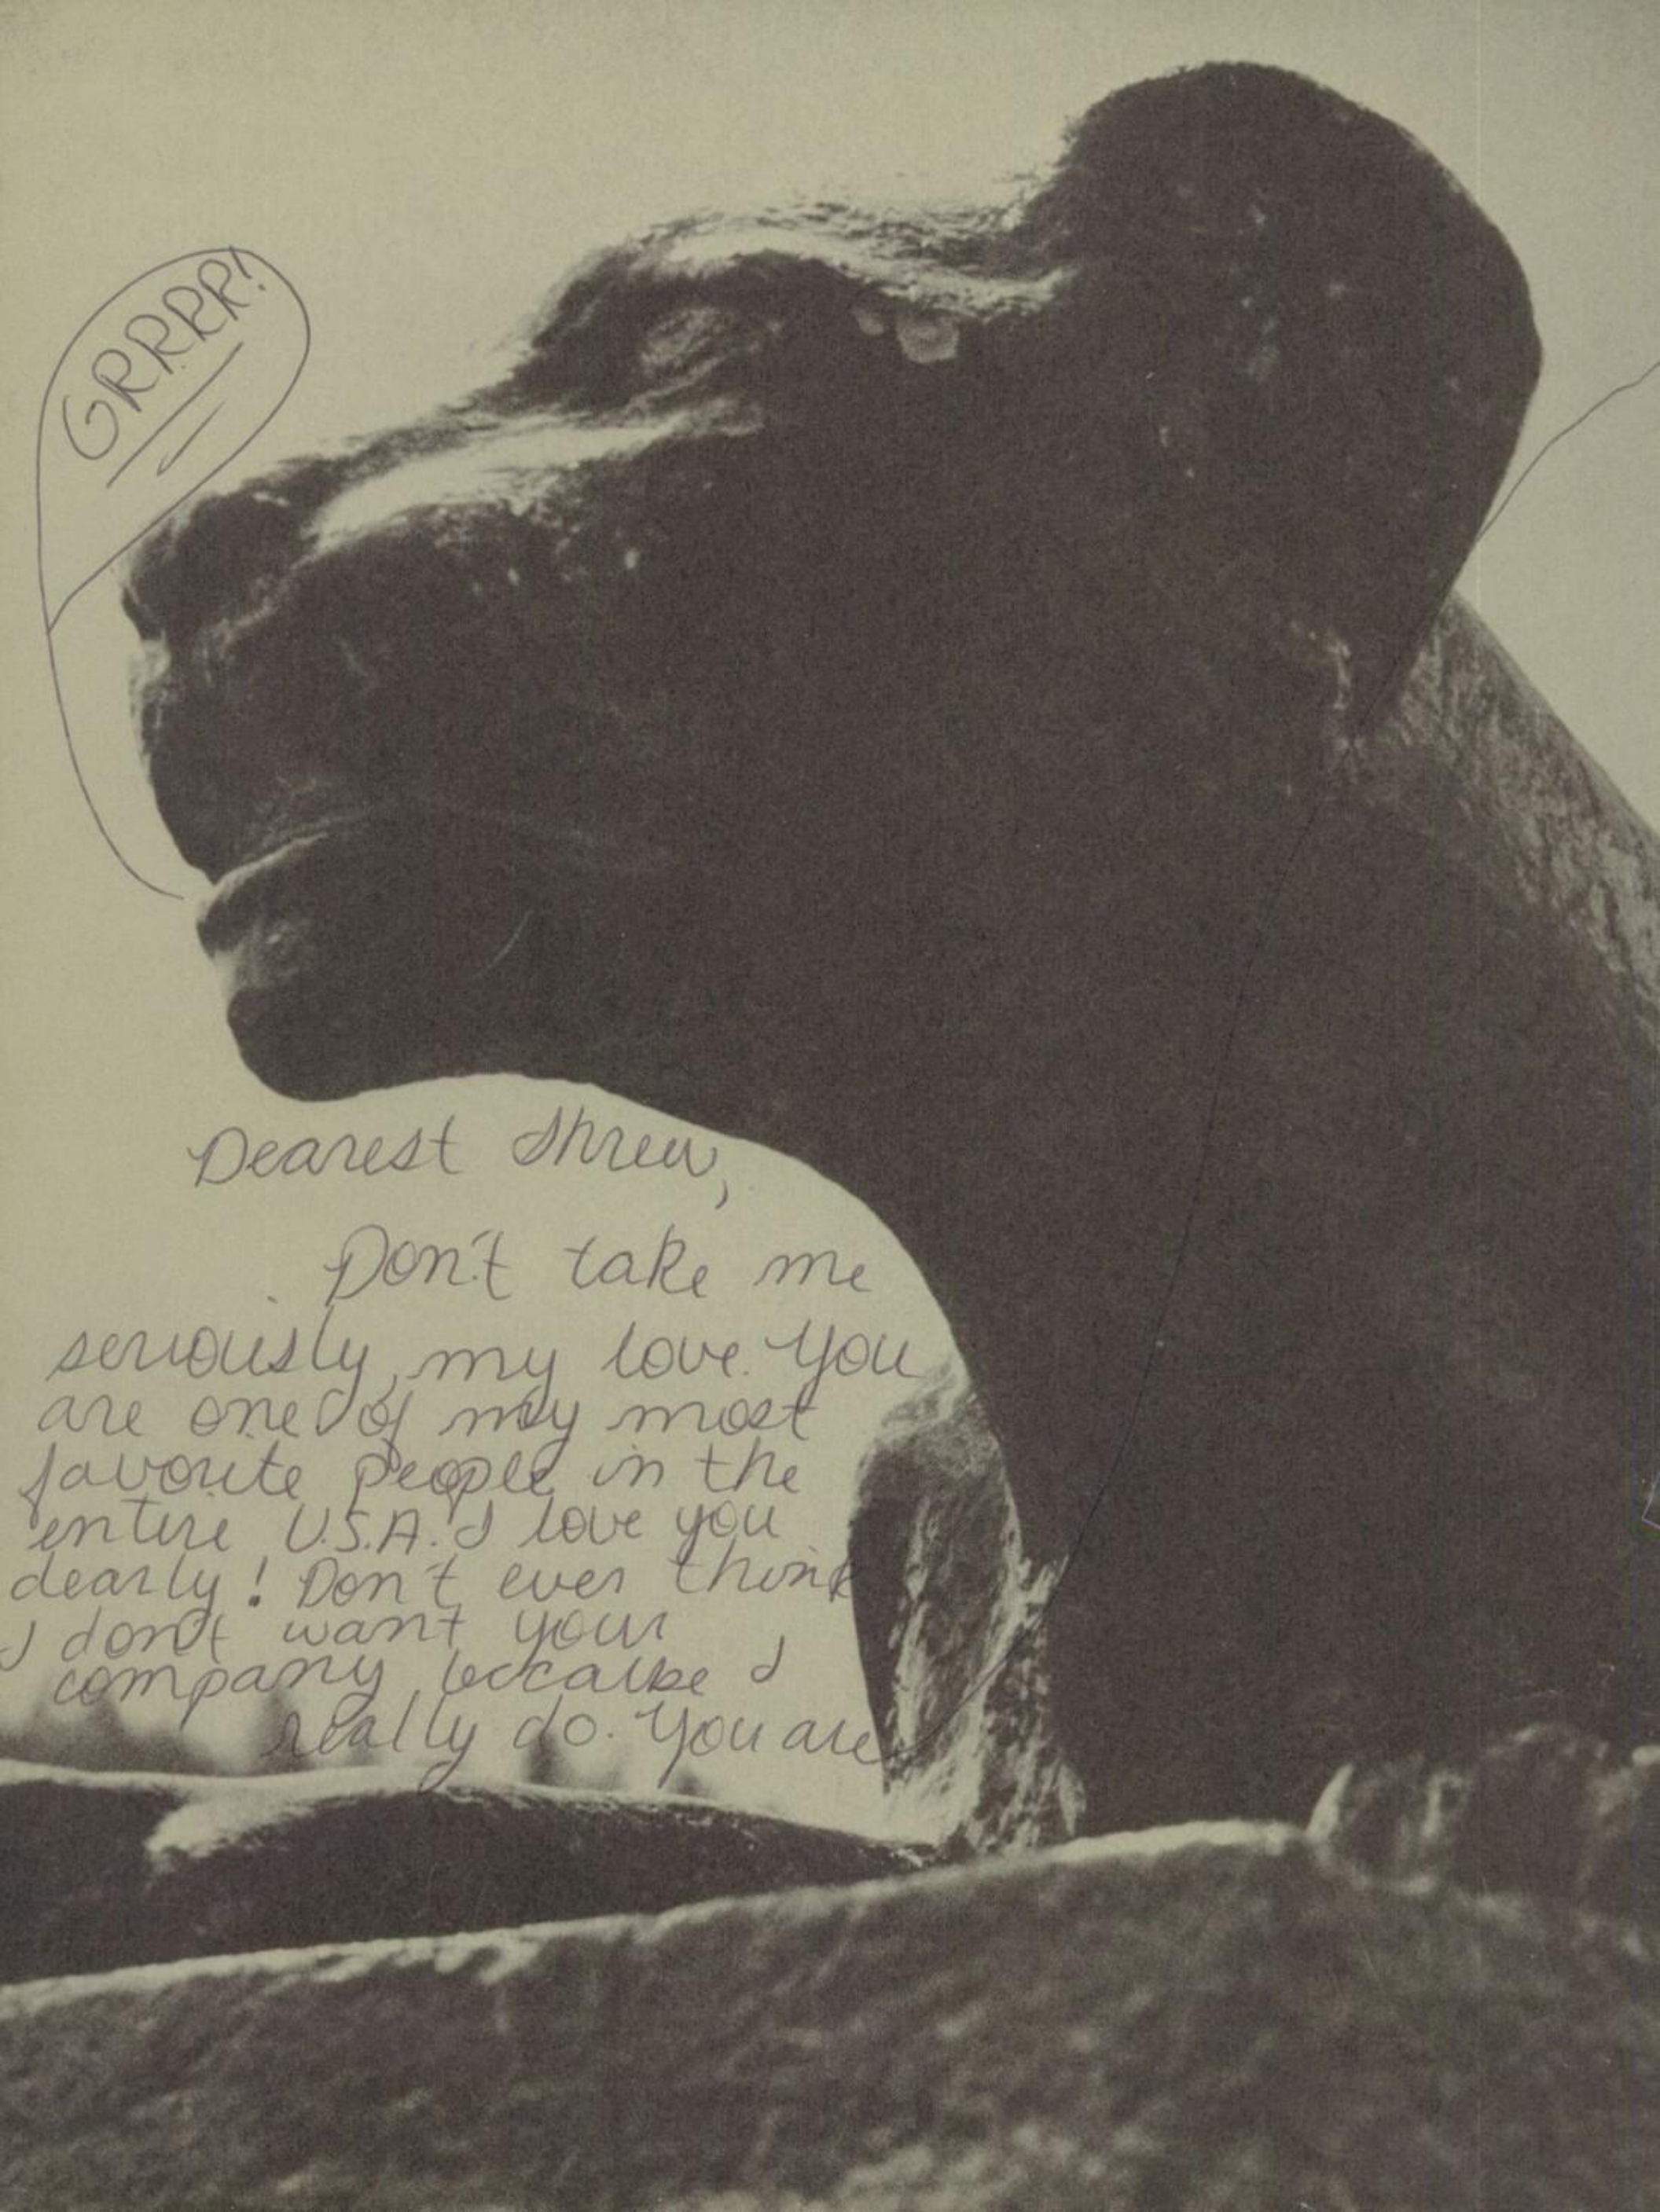

well I'll be seeing you a lot!

RULES

Love always, Hi
John Sweet
girl!!!

GRRRR!

Dearest Shrew,

Don't take me seriously, my love. You are one of my most favorite people in the entire U.S.A. I love you dearly! Don't ever think I don't want your company because I really do. You are

a neat person
I wish you all the
luck in the world
with your's truly.
and may Betsy's
ears be infested
with beasts! (J.K.)

Linda, Noah is a
nice guy. Don't feel
pressured anymore
because of our
antipathy.

Friends and
smooches!

Love, me

Linda Brown
Linda,

It was nice knowing
you this last semester.
You're a really nice girl,
& maybe we can get
to know each other
better next year!
Take care, Love
